Euro Medium Term Covered Note (Premium) Programme

Under the €8,000,000,000 Euro Medium Term Covered Note (Premium) Programme (the **Programme**) described in this base prospectus (the **Base Prospectus**), Sparebanken Sør Boligkreditt AS (the **Issuer**) may from time to time issue covered bonds issued in accordance with the Act and the Regulations (as defined in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be) (the **Notes** which term shall include, so far as the context permits, VPS Notes (as defined below)) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The Notes may be issued in bearer form or in uncertificated and dematerialised book entry form (the **VPS Notes**) settled through Euronext VPS, the Norwegian Central Securities Depository (formally named *Verdipapirsentralen ASA*, trading as Euronext Securities Oslo) (**Euronext VPS**).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €8,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “*Overview of the Programme*” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “*Risk Factors*”.

This Base Prospectus has been approved by the Central Bank of Ireland (the **Central Bank**), as competent authority under the Prospectus Regulation (as defined below). The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes.

Such approval relates only to the Notes which are to be admitted to trading on the regulated market (the **Regulated Market of Euronext Dublin**) of the Irish Stock Exchange plc trading as Euronext Dublin (**Euronext Dublin**) or another regulated market in the European Economic Area (the **EEA**) for the purposes of Directive 2014/65/EU (as amended) (**MiFID II**) and/or which are to be offered to the public in any Member State of the EEA in circumstances that require the publication of a prospectus.

Application has been made to Euronext Dublin for Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to its official list (the **Official List**) and to trading on the Regulated Market of Euronext Dublin. The Issuer has further requested that the Central Bank send to the Norwegian Financial Supervisory Authority (*Finanstilsynet*) (the **NFSA**) in its capacity as the competent authority in Norway (i) a copy of this Base Prospectus and (ii) a certificate of approval pursuant to Article 25 of the Prospectus Regulation attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Regulation, for purposes of listing Notes on the Oslo Børs ASA’s regulated market (the **Oslo Stock Exchange Regulated Market**).

This Base Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the EEA for the purposes of MiFID II. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Each of the Regulated Market of Euronext Dublin and the Oslo Stock Exchange Regulated Market is a regulated market for the purposes of MiFID II. References in this Base Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been either admitted (i) to the Official List and to trading on the Regulated Market of Euronext Dublin or (ii) to trading on the Oslo Stock Exchange Regulated Market, as may be agreed between the Issuer and the relevant Dealer in relation to the relevant Series (as defined below).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be) of Notes will be set out in a final terms document (the **Final Terms**) which will be delivered to the Central Bank and Euronext Dublin (if listed on Euronext Dublin). Copies of the Final Terms in relation to the Notes to be listed on Euronext Dublin will also be published on the website of Euronext Dublin.

The Issuer has been rated “A1” by Moody’s Investors Service Limited (**Moody’s**). Moody’s is established in the United Kingdom (**UK**) and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). The ratings issued by Moody’s have been endorsed by Moody’s Deutschland GmbH in accordance with the CRA Regulation. Moody’s Deutschland GmbH is established in the European Union (**EU**) and is included in the list of credit rating agencies registered under the CRA Regulation, which is available on the ESMA website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) (last updated on 10 July 2024). Moody’s is established in the UK and is registered in accordance with Regulation (EC) No. 1060/2009 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**).

Where a Tranche of Notes is rated, such rating will be disclosed in the applicable Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Interest and/or other amounts payable under Floating Rate Notes (as defined below) may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) No. 2016/1011 (the **EU Benchmarks Regulation**). If any such reference rate does constitute such a benchmark, the applicable Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators

and benchmarks established and maintained by the European Securities and Markets Authority (**ESMA**) pursuant to Article 36 (*Register of administrators and benchmarks*) of the EU Benchmarks Regulation. The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the applicable Final Terms to reflect any change in the registration status of the administrator.

NOTES ISSUED AS GREEN BONDS

None of the Arranger, Dealers nor any of their respective affiliates accepts any responsibility for any environmental or sustainability assessment of any Notes issued as Green Bonds or makes any representation or warranty or gives any assurance as to whether such Notes will meet any investor expectations or requirements regarding such “green” or similar labels. None of the Arranger, Dealers nor any of their respective affiliates have undertaken, nor are they responsible for, any assessment of the Green Loans (as defined in “*Use of Proceeds*”), any verification of whether the Green Loans meet any eligibility criteria set out in the Green & Sustainability Bond Framework (as defined in “*Use of Proceeds*”) nor are they responsible for the use of proceeds (or amounts equal thereto) for any Notes issued as Green Bonds, nor the impact or monitoring of such use of proceeds or the allocation of the proceeds to particular Green Loans. The Green & Sustainability Bond Framework, the Second-Party Opinion (as defined in “*Use of*

Proceeds”) and any public reporting by or on behalf of the Issuer in respect of the application of proceeds will be available on the Issuer’s website at <https://www.sor.no/felles/om-sparebanken-sor/about/investor-relations/green-and-sustainability-bond-framework/> but, for the avoidance of doubt, will not be incorporated by reference into this Base Prospectus. None of the Arranger, Dealers nor any of their respective affiliates make any representation as to the suitability or content of such materials.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering, sale and/or transfer of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA (including, for these purposes, Norway), the UK and Japan, see “*Subscription and Sale*”.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor’s financial activities are principally denominated;
- (iv) understands thoroughly the terms of the relevant Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor’s overall investment portfolio.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the **Securities Act**) and, in the case of Notes other than VPS Notes, are subject to U.S. tax law requirements.

Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see “*Subscription and Sale*”).

Notes denominated in NOK may not be offered, sold or delivered in Norway or to or for the benefit of persons domiciled in Norway, unless in (i) compliance with the regulations relating to the offer of VPS Notes and (ii) the registration in Euronext VPS (as defined herein) – or another central securities depository which is properly authorised or recognised in Norway as being entitled to register such bonds pursuant to the CSD Act/CSDR (as defined below) – of VPS Notes (see “*Subscription and Sale*”).

MIFID II PRODUCT GOVERNANCE / TARGET MARKET

The applicable Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II (as defined above) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE/TARGET MARKET

The applicable Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to the Financial Conduct Authority (FCA) Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

IMPORTANT – EEA RETAIL INVESTORS

If the Final Terms in respect of any Notes includes a legend entitled “*Prohibition of sales to EEA Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended) (the **PRIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS

If the applicable Final Terms in respect of any Notes includes a legend entitled “*Prohibition of sales to UK Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the **FSMA**) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the **UK PRIPs Regulation**) for offering or selling

the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. Overcollateralisation:	<p>Pursuant to the terms of the Act, the Issuer is required to ensure that the prudent market value of the assets in a Cover Pool shall at all times exceed the value of the covered bonds with a preferential claim against the Cover Pool (derivative contracts taken into account) (Overcollateralisation). A higher level of Overcollateralisation may be set through regulations passed by the Ministry of Finance under the Act. Pursuant to the current Regulations the Issuer is required to ensure a minimum Overcollateralisation in the Cover Pool of 5 per cent. at all times. The Issuer has contractually agreed to provide a minimum level of overcollateralisation in the Cover Pool as set out in Condition 2.2 of the Terms and Conditions of the Notes other than VPS Notes and Condition 2(b) of the Terms and Conditions of the VPS Notes. Such level of contractually agreed Overcollateralisation will be subject to change in accordance with any higher level imposed by applicable Norwegian legislation from time to time. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme and has identified a number of factors which could materially adversely affect its business and ability to make payments under the Notes. In addition, factors which the Issuer believes are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this section.

RISKS RELATING TO THE ISSUER

The Issuer may not be able to refinance its borrowings on commercially reasonable terms or at all

The Issuer's lending is to a large extent made on longer terms than the Issuer's borrowings. Therefore, the Issuer is dependent on its ability to refinance borrowings upon maturity. Depending on overall market conditions, there is a risk that the Issuer will either be unable to refinance its borrowings or that it will be required to do so at a cost significantly higher than originally anticipated.

Market turmoil caused by economic or policy factors, including (among other things) persistent high inflation, slowing economic growth, war and armed conflicts, the prospect of interest rate hikes from central banks, monetary policy or the effects of contagious diseases (such as the coronavirus (Covid-19) pandemic) may cause increased volatility in financial markets and may cause the market to be more difficult to access at times. Further, negative economic developments and geopolitical tensions and disturbances may have an adverse effect on the global financial markets. This instability may make it difficult (or more expensive) for the Issuer to refinance its borrowings when required. This could in turn adversely impact the Issuer's ability to pay amounts due under the Notes (see also risk factor entitled "Default on mortgage loans in the Cover Pool may lead to the Issuer being unable to satisfy its obligations under the Notes" below).

The Issuer is dependent on maintaining its credit ratings in order to be able to refinance its borrowings on commercially reasonable terms, as credit ratings affect the costs and other terms upon which the Issuer is able to obtain funding. Any factors having a negative impact on the Issuer, the Cover Pool or the Sparebanken Sør Group, such as unexpected financial losses, deterioration of the residential property market in Norway, adverse regulatory changes or a downturn in the international or domestic financial markets, may affect the credit rating of the Issuer, the Programme and/or any outstanding Notes. A credit rating downgrade will not in itself have any impact on the Issuer's ability to perform its obligations under the Notes, but could, in each case, increase the Issuer's borrowing costs, adversely affect the liquidity position of the Issuer, limit the Issuer's access to the capital markets, undermine confidence in (and the competitive position of) the Issuer and/or limit the range of counterparties willing to enter into transactions with the Issuer. Any of these events may lead to difficulties for the Issuer in refinancing its borrowings on commercially reasonable terms or at all and ultimately adversely impact the Issuer's ability to make timely payment on the Notes.

If the Issuer fails to refinance any outstanding Notes on their scheduled Maturity Date, the Issuer may defer repayment of such Notes until a later date (as specified in the applicable Final Terms) provided that Statutory Extended Final Maturity is specified as applicable in the Final Terms for such Notes and the Issuer has received a Statutory Maturity Extension Approval from the NFSA.

Default on mortgage loans in the Cover Pool may lead to the Issuer being unable to satisfy its obligations under the Notes

For a number of years, low interest rates, low inflation, higher house prices, a favourable tax regime and increased disposable income for households in Norway have led to a continued strong growth in demand for real estate, and consequently loans, especially in the residential mortgage market.

The growth in demand for loans in recent years, especially in the residential mortgage market, has led to significant growth in the levels of indebtedness, which in turn has increased the potential financial vulnerability of some

residential mortgage borrowers. A high percentage of Norwegian residential mortgage borrowers, which constitutes the majority of the Issuer's exposure, have floating interest rate mortgages, and are consequently exposed to the risk of interest rate increases. The majority of the residential mortgages included in the Issuer's Cover Pool are subject to floating interest rates. During 2023 and 2024, mortgage interest rates have increased substantially compared to previous levels, and the Norwegian Central Bank (Nw. *Norges Bank*) has indicated that interest rates may be held higher for longer than previously anticipated. Even a moderate rise in interest rates may lead to a significantly higher interest burden, and a material reduction of disposable income, for residential mortgage borrowers who have taken on high levels of debt.

The Issuer cannot rule out that borrowers whose mortgages are included in the Cover Pool may experience a sudden loss of income going forward. Default in respect of the Issuer's assets included in the Cover Pool could jeopardise the Issuer's ability to make payments under the Notes on a timely basis. The Norwegian economy is a small and open economy easily affected by global macroeconomic events and developments. A further escalation of the war in Ukraine or the geopolitical tensions in the Middle East could result in further geopolitical instability, trade restrictions, supply chain disruptions, increased energy prices and global inflationary pressure, which in turn could have further adverse impacts in the regional and global economic environment. These and other geopolitical factors may have a material adverse effect on the Norwegian economy which may lead to borrowers being unable to meet their payment obligations on their loans. This could in turn adversely affect the Issuer's ability to perform its obligations under the Notes.

Inflation in Norway has continued to rise over the past year two years, driven in large part by increased prices on electricity, oil and gas. In addition, devaluation of NOK against major currencies has made imported goods more expensive. Food prices have also risen significantly due to increased global commodity prices, increased production costs and a potential price-wage spiral, where persistent inflation in the cost of goods and services may lead to higher wage demands from employees, which could cause further inflation. If the relevant interest rates rise or stay persistently high and/or borrowers suffer a decline in income (whether in absolute terms or relative to their expenses), borrowers may be unable to meet their payment obligations on their mortgages. In particular, increases in the Norwegian policy rate combined with high inflation, may cause difficulties for borrowers to meet their payment obligations on their mortgages, and consequently adversely affect the Issuer's capability to service the Notes and comply with regulatory requirements.

Default in respect of the Issuer's assets included in the Cover Pool (as defined below) could jeopardise the Issuer's ability to make payments on the Notes in full or on a timely basis. If a material amount of assets in the Cover Pool were to default, there is no guarantee that the required level of assets within the Cover Pool could be maintained or that the Issuer would be in a position to substitute non-defaulting assets for defaulting assets or add a sufficient amount of new assets to the Cover Pool to comply with regulatory requirements.

If borrowers default on their mortgage loans, enforcement actions can be taken by the Issuer in order to realise the value of the collateral securing these mortgage loans. When collateral is enforced, a court order may be needed to establish the borrower's obligation to pay and to enable a sale by executive measures. If, in the context of an enforcement action, the Issuer is not able to obtain the relevant court decision or the real estate market in Norway substantially declines, there is a risk that the Issuer may not be able to recover the entire amount of the mortgage loan. Further, should the prices of real property and the housing market in Norway substantially decline, the value of the Issuer's collateral for its mortgage loans will be adversely affected and may result in the Cover Pool not containing sufficient assets to meet all covered liabilities and/or comply with applicable overcollateralisation requirements. Any failure to recover the full amount of the Issuer's mortgage loans could jeopardise the Issuer's ability to perform its obligations under the Notes, which are backed by payments from the mortgage loans included in the Cover Pool.

The Issuer is dependent on the competitiveness of Sparebanken Sør and the demand for its products

Due to high competition among mortgage lenders in the Norwegian mortgage market, the refinancing ratio for mortgages in Norway is quite high, which causes the pool of mortgage loans in the Issuer's Cover Pool to reduce over time. To avoid a reduction of the Cover Pool, the refinanced mortgage loans must be replaced by new eligible mortgage loans to retain the total volume of mortgages in the Cover Pool over time. The mortgage loans included in the Issuer's Cover Pool are originated by Sparebanken Sør and subsequently transferred to the Issuer in accordance with the Loan Transfer Agreement (as defined below). Sparebanken Sør's ability to originate mortgages depends on its competitive market position and the demand for its products.

A decrease in the demand for Sparebanken Sør's mortgage loans may lead to less than expected mortgages being transferred from Sparebanken Sør to the Issuer. Less mortgage loans being transferred to the Cover Pool may

adversely affect the Issuer's ability to fulfil its obligations under the Notes, such as the statutory or contractually agreed level of Overcollateralisation or the Issuer's ability to repay the Notes.

Public administration of the Issuer and halt to payments from the Cover Pool may lead to Noteholders not receiving the full amount due on the Notes

In the event of public administration of the Issuer, timely payments shall be made on the Notes for so long as the Cover Pool is in material compliance with the statutory requirements under the Act and the Regulations. Public administration of the Issuer will not in itself be sufficient cause for termination or similar remedy by the Noteholders or the providers of the Swaps (the **Swap Providers**). The public administration board may take any action considered necessary to ensure that the holders of the Notes and the Swap Providers receive agreed and timely payment on the Notes and the Swaps, including selling assets in the Cover Pool and issuing new Notes and entering into new derivative instruments with recourse to the assets in the Cover Pool *pari passu* with the Noteholders.

If it is no longer possible to make timely payments to Noteholders or Swap Providers, the public administration board shall set a date to halt payments. Where a halt to payments is introduced, the further administration in respect of the Issuer shall continue in accordance with Norwegian Bankruptcy law. The administration board shall as soon as possible inform the Noteholders and the Swap Providers of the fact that a halt to payments has been determined, the effective date of such halt to payments, as well as any other decision presumed to be of material interest to the Noteholders.

The size of each claim with a right of priority to the assets included in the Cover Pool will be calculated as at the date on which the halt to payments takes effect. The calculation shall establish the present value of the relevant claim, as duly discounted in accordance with the terms of the Act and the Regulations.

To the extent that Noteholders are not fully paid from the proceeds of the liquidation of the assets in the Cover Pool following a halt to payments, they will be able to prove for the balance of their claims as unsecured creditors of the Issuer and will be entitled to receive payment from the proceeds of the liquidation of any other assets of the Issuer not included in the Cover Pool (or any other cover pool maintained by the Issuer). The Noteholders would in such case rank *pari passu* with any other holder of Notes, Swap Providers and the other unsecured, unsubordinated creditors of the Issuer. If the Issuer's assets are insufficient to cover all unsecured, unsubordinated claims in full, Noteholders could be unable to collect the full balance of their claims against the Issuer.

The Issuer is reliant on Interest Rate Swaps and Currency Swaps

In order to hedge its interest rate risks and currency risks, the Issuer enters into Interest Rate Swaps and Currency Swaps with various Swap Providers (as defined in the section "*Summary of the Swap Agreements*"). A well-functioning derivative market is essential for the Issuer in order to be able to enter into Interest Rate Swaps and Currency Swaps on commercially attractive terms or at all, and any disruption in the market for such Swaps or the Issuer's access thereto could have a negative effect on the Issuer's ability to manage its interest rate risks and currency risks in an adequate fashion. Such a disruption could also increase the refinancing risk for the Issuer if the Issuer in such scenario would find itself restricted from issuing Notes in other currencies than NOK and/or with a different interest profile than the assets in the Cover Pool.

If the Issuer fails to make timely payments of amounts due or certain other events occur in relation to the Issuer under a Swap and any applicable grace period has expired, then the Issuer will have defaulted under that Swap. The Issuer's default under a Swap due to non-payment or otherwise will suspend the relevant Swap Provider's obligation to make further payments under that Swap, and the relevant Swap Provider may on certain conditions terminate the relevant Swap.

If a Swap Provider is no longer obligated to make payments under a Swap, and exercises its right to terminate a Swap or defaults on its obligations to make payments under a Swap, the Issuer will be exposed to changes in interest and/or currency exchange rates (as applicable). In addition, if the Swap Provider or its guarantor, as applicable, is downgraded and fails to comply with the requirements of the ratings downgrade provisions contained in the relevant Swap Agreement, such Swap Agreement may be terminated. In any such scenario, the Issuer may encounter difficulties entering into a replacement Interest Rate and/or Currency Swap (as applicable) on commercially acceptable terms or at all.

If an Interest Rate Swap or Currency Swap is terminated due to the Swap Provider's default, and unless a replacement Swap is entered into, the Issuer may have insufficient funds to make payments due on its Notes in case of material fluctuations between either (i) for Interest Rate Swaps, the interest rates payable on the Cover Pool Assets and the applicable interest rate for the Notes, or (ii) for Currency Swaps, the currency of the Cover Pool assets and the currency of the Notes.

If a Swap Provider suffers a rating downgrade and the affected Interest Rate Swaps or Currency Swaps, as applicable, cannot be transferred to an eligible replacement Swap Provider, the rating of the Notes may be adversely affected as a result.

Termination payments for Swaps may reduce the value of the Cover Pool

If any of the Interest Rate Swaps or the Currency Swaps are terminated, the Issuer may as a result be obliged to make a termination payment to the relevant Swap Provider. The amount of the termination payment will be based on the cost of entering into a replacement Interest Rate Swap or Currency Swap, as the case may be. Any termination payment to be made by the Issuer to a Swap Provider will rank *pari passu* with claims for payments due to the Noteholders. Consequently, if the Issuer is unable to make the termination payment to the relevant Swap Provider from its own funds, the Cover Pool may be used to make such termination payments which will reduce the value of the Cover Pool for other preferential claims, such as the Notes.

Operational and compliance risks

The Issuer's business involves operational risks. Operational risks are defined by the Issuer as the risk of incurring losses, including damaged reputation, due to deficiencies or errors in internal processes and control routines or by external events that affect operations. The Issuer conducts its business subject to compliance risks (including the effects of changes in laws, regulations, policies and voluntary codes of practice in Norway and other markets where the Issuer operates). There is a risk that the Issuer's risk management strategies and procedures are not sufficient, which may expose the Issuer to unanticipated or unidentified risks. Further examples of relevant operational and compliance risks the Issuer is exposed to are the following (but not limited to):

Settlement risk: e.g. the possibility that the Issuer has already paid a counterparty or given irrevocable instruction for a transfer of cash or securities, but the corresponding delivery of cash or securities, or, as the case may be, return payment does not settle at the agreed time as a consequence of default or a failure in the relevant settlement system.

Risk of failure to comply with anti-money laundering, anti-bribery and sanctions rules: The Issuer's compliance risk management systems and policies may not be fully effective in preventing all violations of laws, regulations and rules. Monitoring compliance with anti-money laundering, anti-bribery and sanctions rules can put a significant financial burden on financial institutions and requires significant technical capabilities.

Any failure by the Issuer or the Sparebanken Sør Group to comply with applicable laws and regulations, including those relating to money laundering, bribery, financial crimes, sanctions and other inappropriate or illegal transactions, may lead to penalties, fines, public reprimands, damage to reputation, issuance of business improvement and other administrative orders, enforced suspension of operations or, in extreme cases, adversely affect the ability to obtain future regulatory approvals or withdrawal of authorisation to operate. These consequences may harm the Issuer's reputation, resulting in loss of customer or market confidence in the Issuer or deterioration of its business environment, and may adversely affect its business and results of operations.

Risk of failure to comply with data protection and privacy laws and risk of being targeted by cybercriminals: The Issuer's operations are subject to a number of laws and regulations relating to data privacy and protection, including the Norwegian Personal Data Act of 15 June 2018 (*lov 15. Juni 2018 nr. 38 om behandling av personopplysninger (personopplysningsloven)*) and Regulation (EU) 2016/679 (*General Data Protection Regulation*). The requirements of these laws and regulations may affect the Issuer's ability to collect, process and use personal data. Enforcement of data privacy legislation could result in the Issuer being subjected to claims from its customers alleging it has infringed their privacy rights, and it could face administrative proceedings (including criminal proceedings) initiated by the Norwegian Data Protection Authority. In addition, any enquiries made, or proceedings initiated by, individuals or regulators may lead to negative publicity and potential liability for the Issuer and the Sparebanken Sør Group. Non-compliance with these standards may lead to the Issuer facing substantial fines.

The secure transmission of confidential information over the internet and the security of the Issuer's and the Sparebanken Sør Group's systems are essential to its maintaining customer confidence and ensuring compliance with data privacy legislation. If the Issuer, the Sparebanken Sør Group or any third party suppliers fails to transmit customer information and payment details online securely, or if they otherwise fail to protect customer privacy in online transactions, or if third parties obtain and/or reveal the Issuer's confidential information, the Issuer and the Sparebanken Sør Group may lose customers and potential customers may be deterred from using the Sparebanken

Sør Group's products and services, which could expose the Issuer to liability and could have a material adverse effect on its business, financial condition and results of operations.

Risk of failure to comply with financial services laws, regulations, administrative actions and supervision: The Issuer's business is subject to financial services laws, regulations, administrative actions and supervision, all of which are subject to continuous development and updates. Some regulatory requirements are more general in nature (e.g. requiring the Issuer to maintain a "prudent" level of risk) while some are more specific, such as minimum liquidity requirements and capital adequacy regulations. Generally, there is a trend of increasing regulatory scrutiny of the financial service business within which the Issuer operates. Any significant regulatory development or increased supervision could have an adverse effect on how the Issuer conducts its business, the products and services it offers and the value of its assets. Further, such changes may result in increased compliance costs and may affect the Issuer's results of operations. Breach of regulatory requirements may cause regulatory action being taken towards the Issuer by the Norwegian Financial Supervisory Authority (the **NFSA**) or other Norwegian regulators.

Liquidity risk relating to revolving mortgage loans: The Issuer owns a portfolio of mortgage loans which are structured as personal revolving credit facilities for the borrowers, who can draw down and repay amounts at will within a set overall credit limit determined on the same criteria as for standard repayment loans. If the Issuer experiences a large demand for drawdowns under such credit limits simultaneously, there is a risk that the Issuer may not have sufficient liquid resources to meet the demand.

The Issuer is dependent on services provided by other Sparebanken Sør Group companies and its brand value

The Issuer is a wholly owned subsidiary of Sparebanken Sør. The Issuer does not have any employees of its own, and is thus dependent upon receiving labour force and services from Sparebanken Sør in order to carry on its daily business. The Issuer is also dependent on the "Sparebanken Sør" brand in its covered bond issuances and relies on the positive perception by investors of the brand. The Issuer will thus be dependent on the other Sparebanken Sør Group companies in order to succeed in its business.

Should there be any disruptions to and/or negative impact on any Sparebanken Sør Group companies and/or should the brand value of the Sparebanken Sør Group substantially deteriorate, this may have an adverse effect on the Issuer's business, financial condition and/or results of operations, as well as affecting the credit rating of the Issuer.

RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market in, and the market value of, such Notes since the Issuer may be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for the Issuer. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing market rates.

Statutory Maturity Extension Approval may lead to deferral of the Maturity Date by 12 months

The applicable Final Terms may provide that Statutory Extended Final Maturity applies. If Statutory Extended Final Maturity is specified as applicable in the Final Terms for any Series of Notes and the Issuer has both (i)

received approval from the NFSA to extend the maturity of the Notes by 12 months (a Statutory Maturity Extension Approval) and (ii) failed to pay the Final Redemption Amount of such Notes in full on their Maturity Date specified in the applicable Final Terms, then the Issuer's obligation to pay any part of the Final Redemption Amount not paid by the Issuer on the scheduled Maturity Date will automatically be deferred until the Statutory Extended Final Maturity Date specified in the applicable Final Terms, provided that any amount representing the Final Redemption Amount (or any part of it) due and remaining unpaid on the Maturity Date may be paid by the Issuer on any Interest Payment Date thereafter up to (and including) the relevant Statutory Extended Final Maturity Date.

The NFSA may grant a Statutory Maturity Extension Approval if (i) either (A) there being, in the opinion of the NFSA, both (1) reason to assume that the Issuer will be placed under resolution in the near future and (2) no reasonable prospect that any other action would prevent the Issuer from failing or (B) the Ministry of Finance has resolved to place the Issuer under resolution or public administration proceedings and (ii) there is, in the opinion of the NFSA, a reasonable prospect that the Issuer's obligations in respect of the relevant Notes and (if applicable) Coupons will be met within 12 months. Furthermore, a Statutory Maturity Extension Approval may only be granted if such maturity extension does not affect the Noteholders' order of priority.

In the event that the objective triggers for a Statutory Maturity Extension Approval are met, a subsequent declaration on the Issuer's bankruptcy or resolution would not affect the Statutory Extended Final Maturity.

The Issuer is not required to notify the Noteholders of such automatic deferral. The Statutory Extended Final Maturity Date will, if applicable, fall 12 months after the Maturity Date. Interest will continue to accrue on any unpaid amount and be payable on each Interest Payment Date falling after the Maturity Date up to (and including) the Statutory Extended Final Maturity Date. In these circumstances, failure by the Issuer to make payment in respect of the Final Redemption Amount on the Maturity Date shall not constitute a default in payment by the Issuer. However, failure by the Issuer to pay (i) the Final Redemption Amount or the balance thereof on the Statutory Extended Final Maturity Date and/or (ii) any interest on such amount on any Interest Payment Date falling after the Maturity Date up to (and including) the Statutory Extended Final Maturity Date shall constitute a default in payment by the Issuer.

Furthermore, in relation to all amounts constituting accrued interest due and payable on each Interest Payment Date falling after the Maturity Date up to (and including) the Statutory Extended Final Maturity Date, as provided in the applicable Final Terms, the Issuer may pay such interest pursuant to the Floating Rate set out in the applicable Final Terms notwithstanding that the relevant Note was a Fixed Rate Note as at its relevant Issue Date.

In addition, following deferral of the Maturity Date, the Interest Payment Dates and Interest Periods may change as set out in the applicable Final Terms.

In respect of any Notes issued with a specific use of proceeds, such as a Green Bond, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The Issuer may issue Notes under the Programme which are specified to be "Green Bonds" in the applicable Final Terms (such notes being referred to in this Base Prospectus as **Green Bonds**). It will be the Issuer's intention to apply an amount equal to the net proceeds from an offer of Green Bonds specifically for Green Loans (as defined in "*Use of Proceeds*"), as described in the Issuer's Green & Sustainability Bond Framework (as defined in "*Use of Proceeds*").

The Green & Sustainability Bond Framework is available for viewing on the Issuer's website at <https://www.sor.no/globalassets/organisasjon/green-sustainability-bond-framework-2022.pdf>. The Green & Sustainability Bond Framework is not, nor shall it be deemed to be, incorporated in and/or form part of this Base Prospectus. Compliance with the Green & Sustainability Bond Framework is monitored by the Green and Sustainability Bond Committee, which currently comprises the CEO, CFO, Executive vice president Corporate Market and Executive vice president Group Support of Sparebanken Sør and the head of Treasury, Group Finance Analyst and CEO of the Issuer. The Green & Sustainability Bond Framework may be amended or updated from time to time by the Green and Sustainability Bond Committee without the consent of Noteholders and none of the Issuer, the Arranger or the Dealers assumes any obligation or responsibility to release any update or revision to the Green & Sustainability Bond Framework and/or information to reflect events or circumstances after the date of publication of the Green & Sustainability Bond Framework.

No assurance is given by the Issuer, the Arranger or any Dealer that the use of such net proceeds for any Green Loans will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or

social impact of any projects or uses, the subject of or related to, the relevant Green Loans. Neither the Arranger nor any Dealer shall be responsible for the ongoing monitoring of the use of proceeds in respect of any such Green Bonds. Prospective investors should consult with their legal and other advisers before making an investment in any such Green Bonds and must determine for themselves the relevance of the information set out in this Base Prospectus and the applicable Final Terms for the purpose of any investment in such Green Bonds together with any other investigation such investor deems necessary.

It should be noted that the definition (legal, regulatory or otherwise) of, or market consensus as to what constitutes or may be classified as, a “green” or “sustainable” or an equivalently-labelled project or investment that may finance such project is evolving. No assurance can be given that a clear definition, consensus or label will develop over time or that, if it does, any Green Bonds will comply with such definition, market consensus or label. In addition, no assurance can be given by the Issuer, the Arranger, any Dealer or any other person to investors that any Green Bonds will comply with any future standards or requirements regarding any “green” or “sustainable” or other equivalently-labelled performance objectives, including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so called **EU Taxonomy Regulation** including the supplemental delegated regulations related thereto) or Regulation (EU) 2020/852 as it forms part of domestic law in the UK by virtue of the EUWA, and, accordingly, the status of any Green Bonds as being “green” or “sustainable” (or equivalent) could be withdrawn at any time.

No assurance or representation is given by the Issuer, the Arranger, any Dealer or any other person as to the suitability or reliability for any purpose whatsoever of any opinion, report or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Green Bonds and in particular with any Green Loans to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion, report or certification is not, nor shall it be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion, report or certification is not, nor should it be deemed to be, a recommendation by the Issuer, the Arranger, any Dealer or any other person to buy, sell or hold any such Green Bonds. Any such opinion, report or certification is only current as at the date that opinion, report or certification was initially issued. Prospective investors must determine for themselves the relevance of any such opinion, report or certification and/or the information contained therein and/or the provider of such opinion, report or certification for the purpose of any investment in such Green Bonds. Currently, the providers of such opinions, reports and certifications are not subject to any specific regulatory or other regime or oversight. Investors in such Green Bonds shall have no recourse against the Issuer, the Arranger, the Dealers or the provider of any such opinion, report or certification for the contents of any such opinion, report or certification.

In the event that any such Green Bonds are included, listed or admitted to trading on any dedicated “green”, “environmental”, “sustainable”, “social” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Arranger, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Green Loans. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given or made by the Issuer, the Arranger, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Green Bonds.

Whilst it is the intention of the Issuer to apply an amount equal to the net proceeds of any Green Bonds in, or substantially in, the manner summarised in this Base Prospectus and/or the applicable Final Terms, there can be no assurance that the relevant project(s) or use(s) the subject of, or related to, any Green Loans will be capable of being implemented in, or substantially in, such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such Green Loans. Nor can there be any assurance that such Green Loans will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not constitute an event of default under the Green Bonds or otherwise result in the Green Bonds being redeemed prior to their maturity date.

Any such event or failure to apply the proceeds of any issue of Green Bonds for any Green Loans as mentioned in the previous paragraph and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Green Bonds no longer being listed or admitted to

trading on any stock exchange or securities market as mentioned above may have a material adverse effect on the value of such Green Bonds and also potentially the value of any other Green Bonds which are intended to finance Green Loans and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

There is no direct or contractual link between any Green Bonds and any green targets of the Issuer. Therefore, payments of interest, principal or other amounts payable in respect of any Green Bonds and rights to accelerate under the Green Bonds will not be impacted by the performance of Green Loans funded out of the proceeds of issue (or amounts equal thereto) of the Green Bonds or by any other green, social or sustainable assets of the Issuer.

Any event or failure by the Issuer to apply an amount equal to the net proceeds of any issue of Green Bonds to Green Loans, and/or withdrawal or amendment of any opinion or certification in connection with any Green Bonds, or any opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on, and/or any Green Bonds no longer being listed or admitted to trading or displayed on any stock exchange or securities market or any particular segment of any exchange or market as described above, and/or mismatch between the maturity of a Green Loan and the duration of any Green Bonds, and/or any failure by the Issuer to provide or publish any reporting or any impact assessment on the use of proceeds (or amounts equal thereto) or meet any other environmental or sustainability targets from any issue of Green Bonds will not:

- (i) give rise to any claim of a Noteholder against the Issuer, the Arranger and/or any Dealer;
- (ii) constitute an event of default under the Notes or a breach or violation of any term of the Green Bonds;
- (iii) constitute a default by the Issuer for any other purpose, or permit any Noteholder to accelerate the Green Bonds or take any other enforcement action against the Issuer;
- (iv) lead to a right or obligation of the Issuer to redeem the Green Bonds or be a relevant factor for the Issuer in determining whether or not to exercise any optional redemption rights in respect of any Green Bonds or give any Noteholder the right to require redemption of its Notes;
- (v) otherwise affect or impede the ability of the Issuer to apply the proceeds of such Green Bonds to cover losses; or
- (vi) result in any step-up or increased payments of interest, principal or any other amounts in respect of any Green Bonds, or otherwise affect the terms and conditions of any Green Bonds.

However, such event or failure may adversely affect the reputation of the Issuer and could have a material adverse effect on the value of the Green Bonds and also potentially the value of any other notes, including (without limitation) Green Bonds which are intended to finance other Green Loans and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

RISKS RELATED TO NOTES GENERALLY

The Cover Pool consists of limited assets

The Cover Pool will consist of loans which are secured on residential properties or on title documents relating to residential properties, holiday homes, claims which the Issuer holds, or may acquire, against providers of Covered Bond Swaps and certain substitution assets. All assets in the Cover Pool must comply with the terms of the Act and the Regulations. If the prudent market value of the residential property securing the Mortgage Loans in the Cover Pool were to decline, the value of the assets in the Cover Pool will be proportionally reduced and may fall below regulatory and contractual requirements. This may ultimately lead to the Issuer being unable to issue further covered bonds and/or not being able to repay principal and interest due on the Notes.

Overcollateralisation

The Issuer is obligated under the Act to ensure that the value of the assets of the Cover Pool at all times exceeds the value of the covered bonds with preferential claims against the Cover Pool (taking into account the effects of derivative contracts) (**Overcollateralisation**). The Ministry of Finance is authorised to pass regulations setting a minimum requirement as to Overcollateralisation. At the date of this Base Prospectus, the Regulations stipulate that the Issuer must ensure a minimum Overcollateralisation in the Cover Pool of 5 per cent. at all times.

In addition, the Issuer has contractually agreed to provide a similar minimum level of Overcollateralisation in the Cover Pool, as set out in Condition 2.2 of the Terms and Conditions of the Notes other than VPS Notes and Condition 2(b) of the Terms and Conditions of the VPS Notes. Such level of contractually agreed overcollateralisation will be subject to change in accordance with any higher level imposed by applicable

Norwegian legislation from time to time. However, Noteholders should be aware that the Overcollateralisation maintained by the Issuer does not guarantee that the preferential claim of Noteholders on the Cover Pool would be sufficient to ensure payment of all amounts due to Noteholders in the event of the Issuer's insolvency.

The Issuer is not obliged to increase the Overcollateralisation percentage if any rating assigned to the Notes is reduced, removed, suspended or placed on credit watch for any reason. For the avoidance of doubt, the Issuer does not commit to ensure that any specific rating of the Notes will be upheld until maturity.

Furthermore, provided that the Issuer complies with the Act and the Regulations at all times, failure by it to comply with the contractually agreed level of Overcollateralisation will not in itself prevent the Issuer from issuing further Notes, refinancing existing Notes or acquiring new mortgage loans into the Cover Pool. In such circumstances, Notes may have a claim against the Issuer for breach of contract or for other specific relief, subject to English law generally.

When calculating overcollateralisation according to Norwegian legal requirements, certain loan-to-value thresholds must be observed. For residential mortgages, an 80 per cent. loan to value limit applies, while for other property mortgages, a 60 per cent. loan to value limit applies. The portion of the loans exceeding the relevant loan-to-value limit should not be included in the calculation of Overcollateralisation. If there are indications that the value of a mortgaged property in relation to which the associated mortgage loan has been included in the Cover Pool has declined materially relative to general market prices, the Issuer must ensure a review of the valuation of that property by a valuer who possesses the necessary qualifications, ability and experience to execute a valuation and who is independent from the credit decision process. Consequently, if the value of a mortgage property declines significantly after the mortgage loan has been included in the Cover Pool, this could result in (greater) parts of the relevant mortgage loan than exceeding the applicable loan-to-value threshold, in which case a lower amount of the mortgage loan than at the time of its inclusion in the Cover Pool would be able to count towards the Overcollateralisation requirement, even if the mortgage loan is fully performing.

A breach of the Overcollateralisation requirements may lead the NFSA to take actions to the Issuer and may prevent the Issuer from refinancing outstanding Notes at maturity by issuing additional Notes. For more information on Overcollateralisation, see “*Summary of the Norwegian Legislation regarding Covered Bonds*”.

No events of default

The Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes do not include any events of default, the occurrence of which would entitle the Noteholders to accelerate the Notes and it is envisaged that Noteholders would only be paid the scheduled interest payments under the Notes as and when they fall due under the Terms and Conditions of the Notes other than VPS Notes or the Terms and Conditions of the VPS Notes, as the case may be. The absence of any events of default from Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes may make it less likely that the Noteholders will recoup their investment in full in the event that the Issuer experiences financial distress.

Substitution assets in the Cover Pool

The Issuer is obliged to keep certain substitution assets (which constitute a part of the Cover Pool), such as a cover pool liquidity buffer which shall cover the net outflows over the next 180 days of the relevant covered bond programme and only consist of receivables eligible for inclusion in that buffer. Pursuant to the Issuer's policy guidelines on substitution assets, substitution assets shall mainly consist of liquid government paper and highly rated financial instruments and covered bonds.

The market value of the instruments and claims included as substitution assets in the Issuer's Cover Pool is subject to, among other things, the inherent credit risk related to each instrument or claim and general market risks such as spread risk, liquidity risk, interest rate risk and currency risk. Interest rate risk and currency risk will in general be hedged by the Issuer.

Terms and Conditions of the Notes may be changed without the consent of Noteholders

The Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes contain provisions for calling meetings of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give their consent electronically, and including those Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes other than VPS Notes also provide that the Issuer and the Agent may, without the consent of holders of Notes other than VPS Notes, agree to any modification of the Notes other than VPS Notes, the Coupons or the Agency Agreement which is, in the opinion of the Issuer, of a formal, minor or

technical nature or is, in the opinion of the Issuer, made to correct a manifest or proven error or to comply with mandatory provisions of the law. Any such modification shall be binding on the holders of Notes other than VPS Notes and the Couponholders as described in Condition 13 of the Terms and Conditions of the Notes other than VPS Notes.

The VPS Trustee Agreement provides that the Issuer and the VPS Trustee may agree to amend the VPS Trustee Agreement or the VPS Conditions without prior approval of the affected VPS Noteholders provided that either (i) such amendment is not detrimental to the rights and benefits of the affected VPS Noteholders in any material respect, or (ii) such amendment is made solely for the purpose of rectifying obvious errors and mistakes, or (iii) such amendment or waiver is required by applicable law, court ruling or a decision by a relevant authority.

The VPS Trustee shall as soon as possible notify the VPS Noteholders of any proposal to make such amendments, setting out the date from which the amendment will be effective, unless such notice obviously is unnecessary.

Depending on the nature of the relevant modification or amendment, any such modification or amendment could impact the market value of the Notes.

Issuance of definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade

In relation to any issue of Notes in bearer form which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

RISKS RELATING TO THE REGULATORY, POLITICAL AND LEGAL ENVIRONMENT OF THE ISSUER

Regulatory changes may have an adverse impact on the Issuer and the Notes

The Issuer's business is subject to financial services laws, regulations, administrative actions and supervision, all of which is subject to continuous development and updates. Overall, there is a trend of increasing regulatory scrutiny of the financial services business within which the Issuer operates. Any significant regulatory development or increased supervision could have an adverse effect on how the Issuer conducts its business, the products and services it offers and the value of its assets. Further, such changes may result in increased compliance costs and may affect the Issuer's results of operations.

The Norwegian law governing the issuance of covered bonds has recently been reformed by the implementation of the EU Covered Bond Rules (as defined below) into Norwegian law on 8 July 2022 and, as at the date of this Base Prospectus, there are no precedents as to how the provisions will be interpreted by Norwegian courts or other judicial authorities. Therefore, there is a certain legislative uncertainty with respect to how the interpretation of the EU Covered Bonds Rules may affect the Notes, which could have an adverse effect on the market value of the Notes.

There are risks that certain "benchmark" rates may be administered differently or discontinued in the future, which may adversely affect the trading market for, value of and return on, Notes based on such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR, NIBOR and STIBOR), have become the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot

be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

The EU Benchmarks Regulation entered into force 1 January 2018 in general, subject to certain transitional provisions. Certain requirements of the EU Benchmarks Regulation apply with respect to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

Regulation (EU) 2016/1011 as it forms part of UK domestic law by virtue of the EUWA (the **UK Benchmarks Regulation**) among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

The euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk-free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates in order to support market participants in developing contractual fallback provisions for a scenario in which EURIBOR may permanently cease to exist. On 4 December 2023, the working group issued its final statement, announcing completion of its mandate.

Also, in 2019, a Norwegian working group on alternative reference rates in NOK started its work with exploring an alternative reference rate and consequences of a discontinuation of NIBOR. In 2019, it recommended a modified NOWA as the alternative reference rate for NIBOR, which from 1 January 2020 has been administered by the Norwegian Central Bank (*Nw. Norges Bank*). The working group continued its work through 2020 by establishing two subgroups comprising a group for market standards and fallback provisions and a group for exploring the establishment of an Overnight Index Swap (**OIS**) market in NOK. On 28 September 2020, the working group published a consultation paper on fallback provisions and term and spread adjustments between NIBOR and NOWA upon a discontinuation of NIBOR. The consultation paper was updated by the working group in November 2021. Subsequently, in December 2021, the working group published guidelines on the use of NOWA in financial contracts and as a fallback solution. Since 29 April 2021, the Norwegian Central Bank has been publishing a NOWA compounded index and compounded NOWA averages to further support the use of NOWA as a reference rate for financial products.

Investors should be aware that the Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes, as the case may be, provide for certain fallback arrangements for the purpose of determining the relevant rate of interest (or, as applicable, any component part thereof) applicable to an issue of Floating Rate Notes.

If Reference Rate Replacement is specified in the applicable Final Terms as being applicable and Screen Rate Determination is specified in the applicable Final Terms as the manner in which the rate of interest is to be determined (any such Notes, **Relevant Notes**), such fallback arrangements will include the possibility that, upon the Issuer determining that a Benchmark Event has occurred, the relevant rate of interest (or, as applicable, component part thereof) could be set or, as the case may be, determined by the Issuer (having consulted with an

Independent Adviser) by reference to a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, either case, an Adjustment Spread, in any such case, acting in good faith and in a commercially reasonable manner (as described more fully in the Terms and Conditions of the Relevant Notes).

An Adjustment Spread is either (a) the spread (which may be positive, negative or zero) or (b) the formula or methodology for calculating a spread, in each to be applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be), and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the relevant Original Reference Rate with such Successor Reference Rate by any Relevant Nominating Body (which may include a relevant central bank, supervisory authority or group of central banks/supervisory authorities), or (if no such recommendation has been made, or in the case of an Alternative Reference Rate);
- (ii) the Issuer, following consultation with the Independent Adviser, determines is customarily applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the relevant Original Reference Rate; or (if the Issuer determines that no such spread is customarily applied);
- (iii) in the case of an Alternative Reference Rate, is in customary market usage in the international debt capital markets for transactions which reference the relevant Original Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or
- (iv) the Issuer, following consultation with the Independent Adviser, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the relevant Original Reference Rate, where such rate has been replaced by the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be); or
- (v) the Issuer determines that no such industry standard is recognised or acknowledged, the Issuer, in its discretion, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines to be appropriate, having regard to the objective of reducing or eliminating, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to the Noteholders.

The application of an Adjustment Spread may result in the Relevant Notes performing differently (which may include payment of a lower interest rate) than they would do if the relevant Original Reference Rate were to continue to apply in its current form. In addition, the application of an Adjustment Spread could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such Adjustment Spread will be favourable to each Noteholder.

In addition, the Issuer may also determine (acting in good faith and in a commercially reasonable manner and in consultation with the Independent Adviser) that other amendments to the Terms and Conditions of the Relevant Notes are necessary in order to follow market practice in relation to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and to ensure the proper operation of the relevant Successor Reference Rate or Alternative Reference Rate (as applicable).

No consent of the Noteholders shall be required in connection with effecting any relevant Successor Reference Rate or Alternative Reference Rate (as applicable) or any other related adjustments and/or amendments described above.

In certain circumstances, the ultimate fallback of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. In addition, in the case of Relevant Notes, due to the uncertainty concerning the availability of Successor Reference Rates and Alternative Reference Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes linked to or referencing, or otherwise dependent (in whole or in part) upon, a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or

any of the international or national reforms in making any investment decision with respect to any Floating Rate Notes linked to or referencing a “benchmark”. Other regulatory developments

In Europe, the U.S. and elsewhere, there is significant focus on fostering greater financial stability through increased regulation of financial institutions and their corresponding capital and liquidity positions. This has resulted in a number of regulatory initiatives which are currently at various stages of implementation, which may have an impact on the regulatory position for certain investors in covered bond exposures and/or on the incentives for certain investors to hold covered bonds, and may thereby affect the liquidity of such securities.

In particular, it should be noted that the Basel Committee on Banking Supervision (**BCBS**) has approved significant changes to the Basel regulatory capital and liquidity framework (such changes being commonly referred to as Basel III (**Basel III**)). Basel III provided for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio “backstop” for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio (**LCR**) and the Net Stable Funding Ratio (**NSFR**)). BCBS member countries agreed to implement Basel III from 1 January 2013. In December 2017, the Basel Committee published proposed amendments to the Basel III framework (such changes being commonly referred to as **Basel IV**), and the BCBS members originally agreed to implement Basel IV from 1 January 2022, subject to transitional and phase-in arrangements for certain requirements up to January 2027. In response to Covid-19, the BCBS decided to postpone the implementation by one year. On 27 October 2021, the European Commission proposed to implement Basel IV with effect from 1 January 2025 with transitional arrangements applying over a future five-year period (the **Basel IV Proposal**). On 24 January 2023, the European Parliament’s Economic and Monetary Affairs Committee (ECON) announced the adoption of draft reports on the Basel IV Proposal and on 27 June 2023, the European Council announced that negotiators from the European Council and the European Parliament reached a provisional agreement of the Basel IV Proposal. As implementation of Basel IV requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of covered bonds (e.g. as LCR eligible assets or not), may be subject to some level of national variation. It should also be noted that changes to regulatory capital requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework for Europe.

On 17 December 2021, the Ministry of Finance published a legislative proposal on implementation of Directive (EU) 2019/2162 (the **Covered Bond Directive**) and Regulation (EU) 2019/2160 implementing certain amendments to Article 129 of Regulation (EU) No 575/2013 (**CRR**) (collectively, the **EU Covered Bond Rules**). The legislative proposal was based on a consultative paper by the NFSA on 13 January 2020, and took effect on 8 July 2022. Implementation of the new EU Covered Bond Rules imposed new requirements on the Issuer such as an increased Overcollateralisation requirement (from 2 to 5 per cent.), a new liquidity buffer requirement of 180 days and objective triggers for exercise of extendable maturity (also known as ‘soft bullet’) rights by the Issuer.

Currently, Norwegian covered bonds comply with Article 129 of the CRR (as amended by Regulation 2019/2160) and therefore qualify for a 10 per cent. risk weighting in eligible European jurisdictions. However, the Issuer cannot be certain as to how any of the regulatory developments described above will impact the treatment of the Notes. Prospective investors should therefore make themselves aware of the requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. No predictions can be made as to the precise effects of such matters on any investor or otherwise, and the implementation of the regulatory developments described above may have an adverse effect on the Notes and their value.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

The value of the Notes will be affected by market interest rates

Investments in Fixed Rate Notes involve a risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes. While the nominal interest rate of a Fixed Rate Notes is fixed during the life of such Notes, the current interest rate on the capital markets typically changes on a daily basis. As the market interest rate changes, the price of a Fixed Rate Notes also changes, but in the opposite direction. Consequently, if the market interest rate rises, the value of the Fixed Rate Notes declines accordingly.

Investment in Floating Rate Notes is exposed to the risk of fluctuating reference rates such as EURIBOR, CIBOR, NIBOR and STIBOR as applicable and uncertain interest income. Fluctuating reference rate levels make it impossible to determine the yield of Floating Rate Notes in advance. Furthermore, where the Floating Rate Notes

do not provide for a minimum rate of interest above zero per cent., investors may not receive any interest payments during one or more interest periods if the applicable reference rate decreases or increases to a certain level.

Zero Coupon Notes do not pay current interest but instead are issued at a discount from their nominal value. The difference between the redemption price and the issue price constitutes interest income until maturity and reflects the market interest rate. Zero Coupon Notes are exposed to the risk that the price of such Notes falls as a result of changes in the market interest rate. The market values of Zero Coupon Notes tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Such volatility could have a material adverse effect on the value of and return on any such Notes.

Liquidity risk

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies, are being issued to a single investor or a limited number of investors or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. In addition, should the Issuer be in financial distress, this is likely to have a significant impact on the secondary market for the Notes and investors may have to sell their Notes at a substantial discount to their principal amount. Illiquidity may have a severely adverse effect on the market value of Notes.

Currency exchange rate risk and currency exchange control

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Exchange rate risks occur for the Issuer if the present value of assets and liabilities, including derivatives, in foreign currencies do not coincide. However, the risk is limited by the use of Currency Swaps and by matching interest rate flow with the maturity of loan and other assets of the Issuer.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Notes are obligations of the Issuer only

The Notes will constitute obligations of the Issuer which have the benefit of a statutory preference to the assets in the Cover Pool pursuant to the Act and the Regulations, and the Notes will not be obligations of, or guaranteed by, any other member of the Group or any other person. An investment in the Notes involves a reliance on the creditworthiness of the Issuer. In addition, an investment in the Notes involves the risk that subsequent changes in the actual or perceived creditworthiness of the Issuer may adversely affect the market value of the relevant Notes and there can be no assurance that the Cover Pool will be sufficient to pay in full the amounts payable under the Notes. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any other member of the Group or any of the Arranger, the Dealers, the Swap Providers or any other party to the transaction documents relating to the Programme.

Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this

Base Prospectus or in a document which is incorporated by reference in this Base Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus.

Any documents themselves incorporated by reference in the documents incorporated by reference in this Base Prospectus shall not form part of this Base Prospectus.

Any non-incorporated parts of a document referred to herein are either not relevant for an investor or are otherwise covered elsewhere in this Base Prospectus.

The Issuer will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Base Prospectus which may affect the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes.

Form of the Notes

The Notes of each Series will be in either bearer form, with or without interest coupons and/or talons attached or, in the case of VPS Notes, uncertificated and dematerialised book entry form.

NOTES (OTHER THAN VPS NOTES)

Each Tranche of Notes other than VPS Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note** and, together with a Temporary Global Note, each a **Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for Euroclear and Clearstream, Luxembourg or any other agreed clearing system.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (a) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (ii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 11 of the Terms and Conditions of the Notes other than VPS Notes and Condition

9 of the Terms and Conditions of the VPS Notes if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The exchange upon notice or the exchange at any time upon an Exchange Event should not be expressed to be applicable if the Notes are issued in denominations comprising a minimum Specified Denomination (such as €100,000 (or its equivalent in another currency)) plus one or more higher integral multiples of another smaller amount (such as €1,000 (or its equivalent in another currency)). Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for definitive Notes.

The following legend will appear on all Notes (other than Temporary Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then the Global Note will become void at 8.00 p.m. (London time) on such day. At the same time, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the **Deed of Covenant**) dated 29 September 2023 and executed by the Issuer.

Pursuant to the Agency Agreement (as defined in “*Terms and Conditions of the Notes other than VPS Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

VPS NOTES

Each Tranche of VPS Notes will be issued in uncertificated and dematerialised book entry form. Legal title to the VPS Notes will be evidenced by book entries in the records of Euronext VPS. On the issue of such VPS Notes, the Issuer will send a letter to the VPS Trustee, with copies sent to the VPS Agent (the VPS Letter), which letter will set out the terms of the relevant issue of VPS Notes in the form of the Final Terms attached thereto. On delivery of a copy of such VPS Letter including the applicable Final Terms to Euronext VPS and notification to Euronext VPS of the subscribers and their VPS account details by the relevant Dealer, the VPS Agent will credit each subscribing account holder with Euronext VPS with a nominal amount of VPS Notes equal to the nominal amount thereof for which it has subscribed and paid.

Settlement of sale and purchase transactions in respect of VPS Notes in Euronext VPS will take place two Oslo business days after the date of the relevant transaction. Transfers of interests in the relevant VPS Notes will only take place in accordance with the rules and procedures of Euronext VPS from time to time.

VPS Notes may not be exchanged for bearer Notes and *vice versa*.

GENERAL

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or Euronext VPS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event a supplement to the Base Prospectus or a new Base Prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes.

The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. FORM, DENOMINATION AND TITLE

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the **Specified Currency**) and the denomination(s) (the **Specified Denomination(s)**) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The Issuer and the Paying Agents will (except as otherwise required by law) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

2. STATUS OF THE NOTES AND OVERCOLLATERALISATION

2.1 Status of the Notes

The Notes of each Tranche constitute unconditional and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with (i) all other outstanding unsubordinated obligations of the Issuer that have been provided equivalent priority of claim to the Cover Pool as covered bonds (*obligasjoner med fortrinnsrett*) issued in accordance with the terms of the Act and the Regulations and (ii) the rights of providers of Covered Bond Swaps.

2.2 Overcollateralisation

For so long as any of the Notes is outstanding, the value (as calculated in accordance with the Act and the Regulations) of the Cover Pool (as defined below) entered into the Register (as defined below) with

respect to the Notes shall at all times be a minimum of 105 per cent. of the outstanding principal amount of the Covered Bonds and the Issuer's obligations under Covered Bond Swaps having recourse to such Cover Pool, provided that to the extent a higher level of minimum overcollateralisation is stipulated in any applicable legislation from time to time, such level of overcollateralisation shall be the minimum level required to be maintained by the Issuer pursuant to this Condition 2.2.

3. INTEREST

The applicable Final Terms will indicate whether the Notes are Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes.

3.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 3.1:

- (a) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

- (b) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

3.2 Interest on Floating Rate Notes

(a) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 3.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, **Business Day** means:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre (other than T2) specified in the applicable Final Terms;

- (ii) if T2 is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System or any successor or replacement for that system (**T2**) is open; and
- (iii) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (ii) in relation to any sum payable in euro, a day on which T2 is open.

(b) Rate of Interest

In respect of Floating Rate Notes, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the Euro-zone interbank offered rate (**EURIBOR**), the Norwegian interbank offered rate (**NIBOR**) or the Stockholm interbank offered rate (**STIBOR**), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (Brussels time, in the case of EURIBOR, or Stockholm time, in the case of STIBOR) or 12.00 p.m. (Oslo time, in the case of NIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of 3.2(b)(A) above, no offered quotation appears or, in the case of 3.2(b)(B) above, fewer than three offered quotations appear, in each case as at the Specified Time, the Reference Banks Agent shall request each of the Reference Banks to provide the Reference Banks Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Reference Banks Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Reference Banks Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Reference Banks Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Reference Banks Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Reference Banks Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined

in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Reference Rate Replacement

If:

- (i) Reference Rate Replacement is specified in the applicable Final Terms as being applicable; and
- (ii) notwithstanding the provisions of Condition 3.2(b)(ii), the Issuer determines that a Benchmark Event has occurred when any Rate of Interest (or component part thereof) remains to be determined by reference to the relevant Original Reference Rate,

then the following provisions shall apply to the Notes:

- (A) The Issuer shall use its reasonable endeavours to appoint an Independent Adviser (on the terms described in Condition 3.2(d)(B) below), as soon as reasonably practicable, to consult with the Issuer in determining:
 - (1) a Successor Reference Rate; or
 - (2) if the Issuer fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in either case, an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) no later than twelve Business Days prior to the Interest Determination Date relating to the next Interest Period (the **Issuer Determination Cut-off Date**), for the purposes of determining all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3.2(d)).

- (B) The Independent Adviser appointed pursuant to this Condition 3.2(d) shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders, as applicable, for any determination made by the Issuer pursuant to this Condition 3.2(d).
- (C) If a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is determined by the Issuer in accordance with this Condition 3.2(d):
 - (1) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall subsequently be used in place of the relevant Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3.2(d));
 - (2) such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3.2(d));

- (3) the Issuer (following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner) may in its discretion specify:
- (x) changes to the Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (i) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks, Specified Time and/or Relevant Screen Page applicable to the Notes and (ii) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and
 - (y) any other changes which the Issuer determines are reasonably necessary to ensure the proper operation and comparability to the relevant Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),

which changes shall apply to the Notes for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3.2(d)); and

- (4) promptly (and in any event no later than ten Business Days prior to the relevant Interest Determination Date) following the occurrence of a Benchmark Event and the determination of any Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, any Adjustment Spread, the Issuer shall give notice thereof (including, in the case of the appointment of an Independent Adviser, the name and contact details of such Independent Adviser) and of any changes (and the effective date thereof) pursuant to Condition 3.2(d)(C)(3) to the Agent and the Noteholders in accordance with Condition 11.
- (D) If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is not determined pursuant to the operation of this Condition 3.2(d) prior to the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 3.2(b)(ii).

No consent of the Noteholders shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, the relevant Adjustment Spread as described in this Condition 3.2(d) or such other relevant changes pursuant to Condition 3.2(d)(C)(3), including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required).

Notwithstanding any other provision of this Condition 3.2(d), the Agent is not obliged to concur with the Issuer in respect of any changes or amendments as contemplated under this Condition 3.2(d) which would have the effect of (i) exposing the Agent to any liability or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Agent in the Agency Agreement and/or the Conditions.

Notwithstanding any other provision of this Condition 3.2(d), if in the Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 3.2(d), the Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Agent in writing as to which alternative course of action to adopt. If the Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

In the Conditions:

Adjustment Spread means either (a) a spread (which may be positive, negative or zero) or (b) a formula or methodology for calculating a spread, in each case to be applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be), and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the relevant Original Reference Rate with such Successor Reference Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Reference Rate);
- (ii) the Issuer, following consultation with the Independent Adviser, determines is customarily applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the relevant Original Reference Rate; or (if the Issuer determines that no such spread is customarily applied);
- (iii) in the case of an Alternative Reference Rate, is in customary market usage in the international debt capital markets for transactions which reference the relevant Original Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or
- (iv) the Issuer, following consultation with the Independent Adviser, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the relevant Original Reference Rate, where such rate has been replaced by the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be); or
- (v) the Issuer determines that no such industry standard is recognised or acknowledged, the Issuer, in its discretion, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines to be appropriate, having regard to the objective of reducing or eliminating, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to the Noteholders;

Alternative Reference Rate means the rate that (i) the Issuer, following consultation with the Independent Adviser, determines has replaced the relevant Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) in respect of debt securities denominated in the Specified Currency and of a comparable duration to the relevant Interest Periods, or (ii) the Issuer, following consultation with the Independent Adviser, determines is most comparable to the relevant Original Reference Rate;

Benchmark Event means, with respect to an Original Reference Rate:

- (i) such Original Reference Rate ceasing to be published for at least five Business Days or ceasing to exist or be administered; or
- (ii) the later of (A) the making of a public statement by the administrator of such Original Reference Rate that it will, on or before a specified date, cease publishing such Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of such Original Reference Rate) and (B) the date falling six months prior to the specified date referred to in (ii)(A); or
- (iii) the making of a public statement by the supervisor of the administrator of such Original Reference Rate that such Original Reference Rate has been permanently or indefinitely discontinued; or
- (iv) the later of (A) the making of a public statement by the supervisor of the administrator of such Original Reference Rate that such Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (B) the date falling six months prior to the specified date referred to in (iv)(A); or
- (v) the later of (A) the making of a public statement by the supervisor of the administrator of such Original Reference Rate that means such Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date and (B) the date falling six months prior to the specified date referred to in (v)(A); or
- (vi) it has or will prior to the next Interest Determination Date become unlawful for the Agent, the Issuer or any other party to calculate any payments due to be made to the Noteholders using such Original Reference Rate; or

- (vii) the making of a public statement by the supervisor of the administrator of such Original Reference Rate announcing that such Original Reference Rate is no longer representative or may no longer be used;

Independent Adviser means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under Condition 3.2(d);

Original Reference Rate means:

- (i) the benchmark or screen rate (as applicable) originally specified for the purposes of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes; or
- (ii) any Successor Reference Rate or Alternative Reference Rate which has been determined in relation to such benchmark or screen rate (as applicable) pursuant to the operation of Condition 3.2(d);

Relevant Nominating Body means, in respect of an Original Reference Rate:

- (i) the central bank for the currency to which such Original Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such Original Reference Rate; or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which such Original Reference Rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such Original Reference Rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof; and

Successor Reference Rate means the rate that the Issuer, following consultation with the Independent Adviser, determines is a successor to or replacement of the relevant Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(e) Determination of Rate of Interest and calculation of Interest Amounts

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the Interest Amount) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amounts (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 3.2:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\lfloor 360 \times (Y_2 - Y_1) \rfloor + \lfloor 30 \times (M_2 - M_1) \rfloor + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\lfloor 360 \times (Y_2 - Y_1) \rfloor + \lfloor 30 \times (M_2 - M_1) \rfloor + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\lfloor 360 \times (Y_2 - Y_1) \rfloor + \lfloor 30 \times (M_2 - M_1) \rfloor + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(f) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as the Issuer notifies to it.

Designated Maturity means the period of time designated in the Reference Rate.

(g) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 11 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 11. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(h) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 3.2, whether by the Agent, the Reference Banks Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent or in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

3.3 Interest Rate and Payments from the Maturity Date in the event of extension of maturity of a Series of Notes

If Statutory Extended Final Maturity is specified as applicable in the Final Terms for a Series of Notes and the Issuer has both (i) received a Statutory Maturity Extension Approval and (ii) failed to pay the Final Redemption Amount in full on the Maturity Date specified in the applicable Final Terms, each Note shall bear interest in accordance with this Condition 3.3 on its outstanding nominal amount from (and including) the Maturity Date to (but excluding) the earlier of the Interest Payment Date upon which the Notes are redeemed in full and the Statutory Extended Final Maturity Date, subject to Condition 3.5. In such circumstances, the Rate of Interest for any Interest Period falling after the Maturity Date, and the amount of interest payable on each Interest Payment Date in respect of such Interest Period, shall be determined by the Agent (or such other party responsible for calculating the Rate of Interest, as specified in the applicable Final Terms) in accordance with (i) if the applicable Final Terms specify that “Fixed Rate Note Provisions” are applicable for the period from (and including) the Maturity Date to (but excluding) the Statutory Extended Final Maturity Date, Condition 3.1 *mutatis mutandis* or (ii) if the applicable Final Terms specify that “Floating Rate Note Provisions” are applicable for the period from

(and including) the Maturity Date to (but excluding) the Statutory Extended Final Maturity Date, Condition 3.2 *mutatis mutandis*, as applicable, and (in each case) the applicable Final Terms.

This Condition 3.3 shall only apply to a Series of Notes if (i) Statutory Extended Final Maturity is specified as applicable in the applicable Final Terms, and (ii) the Issuer has both (A) received a Statutory Maturity Extension Approval in respect of such Notes and (B) failed to pay the Final Redemption Amount in full on the Maturity Date, and in such circumstances the maturity of such Notes will be automatically extended to the Statutory Extended Maturity Date in accordance with Condition 5.1.

3.4 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 11.

4. PAYMENTS

4.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 6) any law implementing an intergovernmental approach thereto.

4.2 Presentation of definitive Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 4.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 6 below) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 7) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date or, as the case may be, the Statutory Extended Final Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

4.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.

4.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for their share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

4.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 7) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):
 - (i) in the case of Notes in definitive form only, in the relevant place of presentation; and

- (ii) in each Additional Financial Centre (other than T2) specified in the applicable Final Terms;
- (b) if T2 is specified as an Additional Financial Centre in the applicable Final Terms, a day on which T2 is open; and
- (c) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in euro, a day on which T2 is open.

4.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) the Final Redemption Amount of the Notes;
- (b) the Early Redemption Amount of the Notes;
- (c) the Optional Redemption Amount(s) (if any) of the Notes;
- (d) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 5.8); and
- (e) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

5. REDEMPTION AND PURCHASE

5.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms, subject as provided in the next paragraph.

If Statutory Extended Final Maturity is specified as applicable in the applicable Final Terms and the Issuer has both (i) received a Statutory Maturity Extension Approval and (ii) failed to pay the Final Redemption Amount in full on the Maturity Date specified in the applicable Final Terms, then (subject as provided below) the Issuer's obligation to pay any part of the Final Redemption Amount not paid by the Issuer on the Maturity Date shall be deferred until the Statutory Extended Final Maturity Date specified in the applicable Final Terms, provided that any amount representing the Final Redemption Amount due and remaining unpaid on the Maturity Date may be paid by the Issuer on any Interest Payment Date occurring thereafter up to (and including) the relevant Statutory Extended Final Maturity Date.

The Issuer shall confirm to the Rating Agencies, any relevant Swap Provider and the Agent as soon as reasonably practicable and in any event at least 4 Business Days in London prior to the Maturity Date of any inability of the Issuer to pay in full the Final Redemption Amount in respect of a Series of Notes on that Maturity Date. Any failure by the Issuer to notify such parties (other than the Agent) shall not affect the validity or effectiveness of the extension nor give rise to any rights in any such party.

Where the applicable Final Terms provides that Statutory Extended Final Maturity applies to the Notes and the Issuer has received a Statutory Maturity Extension Approval, a failure by the Issuer to pay the Final Redemption Amount in full on the Maturity Date shall not constitute a default in payment.

5.2 Redemption for tax reasons

Subject to Condition 5.5, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on an Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and in accordance with Condition 11, the Noteholders (which notice shall be irrevocable), if:

- (a) on the occasion of the next payment date due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 6 as a result of any

change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 6) or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of Notes; and

(b) such obligation cannot be avoided by the Issuer taking reasonable measure available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 5.2 will be redeemed at their Early Redemption Amount referred to in Condition 5.5 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

5.3 Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms to the Noteholders in accordance with Condition 11 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 11 below not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 5.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 11 below at least 5 days prior to the Selection Date.

5.4 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 11 below not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

- (a) each Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; and
- (b) each Zero Coupon Note will be redeemed at an amount (the “**Amortised Face Amount**”) calculated in accordance with the following formula:

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption (or as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

5.7 Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). - (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 11.

6. TAXATION

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) presented for payment in Norway;
- (b) the holder of which is liable for such taxes in respect of such Note or Coupon by reason of their having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 4.5).

As used herein:

Tax Jurisdiction means Norway or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by the Issuer); and

7. PRESCRIPTION

The Notes and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and 5 years (in the case of interest) after the Relevant Date (as defined in Condition 6) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 4.2 or any Talon which would be void pursuant to Condition 4.2.

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

9. PAYING AGENTS

The names of the initial Paying Agents and their initial specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be an Agent;
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may

be required by the rules and regulations of the relevant stock exchange or other relevant authority; and

- (c) there will at all times be a Paying Agent in a jurisdiction within Europe, other than the jurisdiction in which the Issuer is incorporated.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

10. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 7.

11. NOTICES

All notices regarding the Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

12. MEETINGS OF NOTEHOLDERS AND MODIFICATION AND WAIVER

An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders or Couponholders, to any modification of the Notes, the Coupons or the Agency Agreement which is, in the opinion of the Issuer, of a formal, minor or technical nature or is, in the opinion of the Issuer, made to correct a manifest or proven error or to comply with mandatory provisions of the law.

Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 11 as soon as practicable thereafter.

13. FURTHER ISSUES

3. INTEREST

The applicable Final Terms will indicate whether the VPS Notes are Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes.

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note will bear interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these VPS Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

In these VPS Conditions:

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 3:

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
 - (a) in the case of VPS Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of VPS Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

Determination Period means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these VPS Conditions, Interest Period means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month on which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 3(b)(i)(B) above the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (C) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these VPS Conditions, **Business Day** means:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre (other than T2) specified in the applicable Final Terms;
- (B) if T2 is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System or any successor or replacement for that system (**T2**) is open; and
- (C) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the T2 is open.

(ii) Rate of Interest

In respect of Floating Rate Notes, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the Euro-zone interbank offered rate (**EURIBOR**), the Norwegian interbank offered rate (**NIBOR**) or the Stockholm interbank offered rate (**STIBOR**), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (Brussels time, in the case of EURIBOR, or Stockholm time, in the case of STIBOR) or 12.00 p.m. (Oslo time, in the case of NIBOR) on the Interest Determination Date in question plus or minus (as indicated in the

applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of Condition 3(b)(ii)(1), no offered quotation appears or, in the case of Condition 3(b)(ii)(2), fewer than three offered quotations appear, in each case as at the Specified Time, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Calculation Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Calculation Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(iii) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of this paragraph (iii) is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of this paragraph (iii) is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) Reference Rate Replacement

If:

- (i) Reference Rate Replacement is specified in the applicable Final Terms as being applicable; and

- (ii) notwithstanding the provisions of Condition 3(b)(ii)(B), the Issuer determines that a Benchmark Event has occurred when any Rate of Interest (or component part thereof) remains to be determined by reference to the relevant Original Reference Rate,

then the following provisions shall apply to the VPS Notes:

- (A) The Issuer shall use its reasonable endeavours to appoint an Independent Adviser (on the terms described in Condition 3(b)(iv)(B) below), as soon as reasonably practicable, to consult with the Issuer in determining:

- (1) a Successor Reference Rate; or
- (2) if the Issuer fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in either case, an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) no later than twelve Business Days prior to the Interest Determination Date relating to the next Interest Period (the **Issuer Determination Cut-off Date**), for the purposes of determining all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3(b)(iv)).

- (B) The Independent Adviser appointed pursuant to this Condition 3(b)(iv) shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the VPS Agent, the VPS Trustee, the Calculation Agent and all VPS Noteholders, as applicable, for any determination made by the Issuer pursuant to this Condition 3(b)(iv).

- (C) If a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is determined by the Issuer in accordance with this Condition 3(b)(iv):

- (1) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall subsequently be used in place of the relevant Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3(b)(iv));

- (2) such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3(b)(iv));

- (3) the Issuer (following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner) may in its discretion specify:

- (x) changes to the Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (i) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks, Additional Financial Centre(s) and/or Relevant Screen Page applicable to the VPS Notes and (ii) the method for determining the fallback to the Rate of Interest in relation to the VPS Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and

- (y) any other changes which the Issuer determines are reasonably necessary to ensure the proper operation and comparability to the relevant Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),

which changes shall apply to the VPS Notes for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 3(b)(iv)); and

- (4) promptly (and in any event no later than ten Business Days prior to the relevant Interest Determination Date) following the occurrence of a Benchmark Event and the determination of any Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, any Adjustment Spread, the Issuer shall give notice thereof (including, in the case of the appointment of an Independent Adviser, the name and contact details of such Independent Adviser) and of any changes (and the effective date thereof) pursuant to Condition 3(b)(iv)(C)(3) to the Calculation Agent, the VPS Agent, the VPS Trustee and the VPS Noteholders in accordance with Condition 9.
- (D) If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is not determined pursuant to the operation of this Condition 3(b)(iv) prior to the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 3(b)(ii)(B).

No consent of the VPS Noteholders or the VPS Trustee shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, the relevant Adjustment Spread as described in this Condition 3(b)(iv) or such other relevant changes pursuant to Condition 3(b)(iv)(C)(3), including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the VPS Agency Agreement or the VPS Trustee Agreement (if required).

Notwithstanding any other provision of this Condition 3(b)(iv), the Calculation Agent is not obliged to concur with the Issuer in respect of any changes or amendments as contemplated under this Condition 3(b)(iv) which would have the effect of (i) exposing the Calculation Agent to any liability or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Calculation Agent in the Agency Agreement and/or the Conditions.

Notwithstanding any other provision of this Condition 3(b)(iv), if in the Calculation Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 3(b)(iv), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

In the Conditions:

Adjustment Spread means either (a) a spread (which may be positive, negative or zero) or (b) a formula or methodology for calculating a spread, in each case to be applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be), and is the spread, formula or methodology which:

- (1) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the relevant Original Reference Rate with such Successor Reference Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Reference Rate);
- (2) the Issuer, following consultation with the Independent Adviser, determines is customarily applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the relevant Original Reference Rate; or (if the Issuer determines that no such spread is customarily applied);
- (3) in the case of an Alternative Reference Rate, is in customary market usage in the international debt capital markets for transactions which reference the relevant Original Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or
- (4) the Issuer, following consultation with the Independent Adviser, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the relevant Original Reference Rate, where

such rate has been replaced by the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be); or

- (5) the Issuer determines that no such industry standard is recognised or acknowledged, the Issuer, in its discretion, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines to be appropriate, having regard to the objective of reducing or eliminating, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to the VPS Noteholders;

Alternative Reference Rate means the rate that (i) the Issuer, following consultation with the Independent Adviser, determines has replaced the relevant Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) in respect of debt securities denominated in the Specified Currency and of a comparable duration to the relevant Interest Periods, or (ii) the Issuer, following consultation with the Independent Adviser, determines is most comparable to the relevant Original Reference Rate;

Benchmark Event means, with respect to an Original Reference Rate:

- (1) such Original Reference Rate ceasing to be published for at least five Business Days or ceasing to exist or be administered; or
- (2) the later of (i) the making of a public statement by the administrator of such Original Reference Rate that it will, on or before a specified date, cease publishing such Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of such Original Reference Rate) and (ii) the date falling six months prior to the specified date referred to in (2)(i); or
- (3) the making of a public statement by the supervisor of the administrator of such Original Reference Rate that such Original Reference Rate has been permanently or indefinitely discontinued; or
- (4) the later of (i) the making of a public statement by the supervisor of the administrator of such Original Reference Rate that such Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the specified date referred to in (4)(i); or
- (5) the later of (i) the making of a public statement by the supervisor of the administrator of such Original Reference Rate that means such Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date and (ii) the date falling six months prior to the specified date referred to in (5)(i); or
- (6) it has or will prior to the next Interest Determination Date become unlawful for the Calculation Agent, the Issuer or any other party to calculate any payments due to be made to the VPS Noteholders using such Original Reference Rate; or
- (7) the making of a public statement by the supervisor of the administrator of such Original Reference Rate announcing that such Original Reference Rate is no longer representative or may no longer be used;

Independent Adviser means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under Condition 3(b)(iv);

Original Reference Rate means

- (1) the benchmark or screen rate (as applicable) originally specified for the purposes of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the VPS Notes; or
- (2) any Successor Reference Rate or Alternative Reference Rate which has been determined in relation to such benchmark or screen rate (as applicable) pursuant to the operation of Condition 3(b)(iv);

Relevant Nominating Body means, in respect of an Original Reference Rate:

- (1) the central bank for the currency to which such Original Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such Original Reference Rate; or
- (2) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which such Original Reference Rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such Original Reference Rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof; and

Successor Reference Rate means the rate that the Issuer, following consultation with the Independent Adviser, determines is a successor to or replacement of the relevant Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(v) **Determination of Rate of Interest and calculation of Interest Amounts**

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “Actual/365” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(vi) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

Designated Maturity means the period of time designated in the Reference Rate.

(vii) Notification of Rate of Interest and Interest Amounts

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the VPS Agent, the VPS Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed (by no later than the first day of each Interest Period) and notice thereof to be published in accordance with Condition 9 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the VPS Noteholders in accordance with Condition 9. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London. The notification of any rate or amount, if applicable, shall be made to Euronext VPS in accordance with and subject to Euronext VPS rules and regulations for the time being in effect.

(viii) Determination or Calculation by the VPS Trustee

If for any reason at any relevant time the Calculation Agent defaults in its obligation to determine the Rate of Interest, the VPS Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the VPS Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

(ix) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 3, by the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on all parties and (in the absence as aforesaid) no liability shall attach to the Calculation Agent or the VPS Trustee (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Interest on Fixed Rate Notes and Payments from the Maturity Date in the event of extension of maturity of a Series of Notes

If Statutory Extended Final Maturity is specified as applicable in the Final Terms for a Series of VPS Notes and the Issuer has both (i) received a Statutory Maturity Extension Approval and (ii) failed to pay the Final Redemption Amount in full on the Maturity Date specified in the applicable Final Terms, each VPS Note shall bear interest in accordance with this Condition 3(c) on its outstanding nominal amount from (and including) the Maturity Date to (but excluding) the earlier of the Interest Payment Date upon which the VPS Notes are redeemed in full and the Statutory Extended Final Maturity Date, subject to Condition 3(d). In such circumstances, the Rate of Interest for any Interest Period falling after the Maturity Date, and the amount of interest payable on each Interest Payment Date in respect of such Interest Period, shall be determined by the Agent (or such other party responsible for calculating the Rate of Interest, as specified in the applicable Final Terms) in accordance with (i) if the applicable Final Terms

specify that “Fixed Rate Note Provisions” are applicable for the period from (and including) the Maturity Date to (but excluding) the Statutory Extended Final Maturity Date, Condition 3(a) *mutatis mutandis* or (ii) if the applicable Final Terms specify that “Floating Rate Note Provisions” are applicable for the period from (and including) the Maturity Date to (but excluding) the Statutory Extended Final Maturity Date, Condition 3(b) *mutatis mutandis*, as applicable, and (in each case) the applicable Final Terms.

This Condition 3(c) shall only apply to a Series of VPS Notes if (i) Statutory Extended Final Maturity is specified as applicable in the applicable Final Terms, and (ii) the Issuer has both (A) received a Statutory Maturity Extension Approval in respect of such Notes and (B) failed to pay the Final Redemption Amount in full on the Maturity Date, and in such circumstances the maturity of such VPS Notes will be automatically extended to the Statutory Extended Maturity Date in accordance with Condition 5(a).

(d) Accrual of interest

Each VPS Note (or in the case of the redemption of part only of a VPS Note, that part only of such VPS Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such VPS Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable in respect of such VPS Note has been received by the VPS Agent and notice to that effect has been given to the VPS Noteholders in accordance with Condition 9.

(e) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in respect of the VPS Notes and for so long as any VPS Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the VPS Notes, references in these VPS Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the VPS Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall (with the prior approval of the VPS Trustee) appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

4. PAYMENTS

(a) Method of payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 6) any law implementing an intergovernmental approach thereto.

(b) Payments in respect of VPS Notes

Payments of principal and interest in respect of VPS Notes and notification thereof to VPS Noteholders will be made to the VPS Noteholders shown in the records of Euronext VPS and will be effected through

and in accordance with and subject to the rules and regulations from time to time governing Euronext VPS. The VPS Agent and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any VPS Noteholder. The Issuer reserves the right at any time with the approval of the VPS Trustee to vary or terminate the appointment of the VPS Agent or the Calculation Agent and to appoint additional or other agents, provided that the Issuer shall at all times maintain (i) a VPS Agent authorised to act as an account operating institution with Euronext VPS, (ii) one or more Calculation Agent(s) where the VPS Conditions so require, and (iii) such other agents as may be required by any other stock exchange on which the VPS Notes may be listed in each case.

Notice of any such change or of any change of any specified office shall promptly be given to the VPS Noteholders in accordance with Condition 9.

(c) Payment Day

If the date for payment of any amount in respect of any VPS Note is not a Payment Day, the holder thereof shall not be entitled to payment of the relevant payment due until the next following Payment Day and shall not be entitled to any interest or other payment in respect of any such delay. For these purposes, **Payment Day** means any day which (subject to Condition 7) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):
 - (A) in London; and
 - (B) in any Additional Financial Centre (other than T2) specified in the applicable Final Terms;
 - (C) if T2 is specified as an Additional Financial Centre in the applicable Final Terms, a day on which T2 is open; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London and any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne or Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which T2 is open.

(d) Interpretation of principal and interest

Any reference in these VPS Conditions to principal in respect of the VPS Notes shall be deemed to include, as applicable:

- (i) the Final Redemption Amount of the VPS Notes;
- (ii) the Early Redemption Amount of the VPS Notes;
- (iii) the Optional Redemption Amount(s) (if any) of the VPS Notes;
- (iv) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 1(i)(h)); and
- (v) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the VPS Notes.

5. REDEMPTION AND PURCHASE

(a) Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each VPS Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms, subject as provided in the next paragraph.

If Statutory Extended Final Maturity is specified as applicable in the applicable Final Terms and the Issuer has both (i) received a Statutory Maturity Extension Approval and (ii) failed to pay the Final Redemption Amount in full on the Maturity Date specified in the applicable Final Terms, then (subject as provided below) the Issuer's obligation to pay any part of the Final Redemption Amount not paid by

the Issuer on the Maturity Date shall be deferred until the Statutory Extended Final Maturity Date specified in the applicable Final Terms, provided that any amount representing the Final Redemption Amount due and remaining unpaid on the Maturity Date may be paid by the Issuer on any Interest Payment Date occurring thereafter up to (and including) the relevant Statutory Extended Final Maturity Date.

The Issuer shall confirm to the Rating Agencies and the VPS Trustee, the VPS Agent and any relevant Swap Provider as soon as reasonably practicable and in any event at least 4 business days in London prior to the Maturity Date of any inability of the Issuer to pay in full the Final Redemption Amount in respect of a Series of Notes on that Maturity Date. Any failure by the Issuer to notify such parties shall not affect the validity or effectiveness of the extension nor give rise to any rights in any such party.

Where the applicable Final Terms provides that Statutory Extended Final Maturity applies to the VPS Notes and the Issuer has received a Statutory Maturity Extension Approval, a failure by the Issuer to pay the Final Redemption Amount in full on the Maturity Date shall not constitute a default in payment.

(b) Redemption for tax reasons

Subject to Condition 5(e), the VPS Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this VPS Note is not a Floating Rate Note) or on an Interest Payment Date (if this VPS Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the VPS Agent and in accordance with Condition 9, the VPS Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment date due under the VPS Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 6 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 6) or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of VPS Notes; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measure available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the VPS Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the VPS Agent to make available at its specified office to the VPS Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

VPS Notes redeemed pursuant to this Condition 5(b) will be redeemed at their Early Redemption Amount referred to in Condition 5(e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum notice period nor more than the maximum period of notice specified in the applicable Final Terms to the VPS Noteholders in accordance with Condition 9 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the VPS Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of VPS Notes, the VPS Notes to be redeemed (**Redeemed VPS Notes**) will be selected in accordance with the rules and procedures of Euronext VPS in the relation to such VPS Notes, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**).

(d) Redemption at the option of the VPS Noteholders (Investor Put)

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any VPS Note giving to the Issuer in accordance with Condition 9 not less than the minimum notice period nor more than the maximum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem such VPS Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of the VPS Notes, the holder of the VPS Notes must, within the notice period, give notice (the **Put Notice**) to the VPS Agent of such exercise in accordance with the standard procedures of Euronext VPS from time to time.

Any Put Notice given by a holder of any VPS Note pursuant to this paragraph shall be irrevocable.

(e) Early Redemption Amounts

For the purpose of Condition 5(b):

- (i) each VPS Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; and
- (ii) each Zero Coupon Note will be redeemed at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the VPS Notes to (but excluding) the date fixed for redemption (or as the case may be) the date upon which such VPS Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the VPS Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such VPS Note becomes due and repayable and the denominator will be 360) or (iii) actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of VPS Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such VPS Note becomes due and repayable and the denominator will be 365).

(f) Purchases

The Issuer or any Subsidiary of the Issuer may at any time purchase VPS Notes at any price in the open market or otherwise. Such VPS Notes may be held, reissued, resold or, at the option of the Issuer, cancelled by causing such VPS Notes to be deleted from the records of Euronext VPS.

(g) Cancellation

All VPS Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may be cancelled by causing such VPS Notes to be deleted from the records of Euronext VPS.

All VPS Notes which are redeemed will forthwith be cancelled in the same manner. Any VPS Notes so cancelled may not be reissued or resold and the obligations of the Issuer in respect of any such VPS Notes shall be discharged.

(h) Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph 5(a), 5(b), 5(c) or 5(d) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount as provided in Condition 5(e)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and

- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the VPS Noteholders in accordance with Condition 9.

6. TAXATION

All payments of principal and interest in respect of the VPS Notes by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Norway or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the VPS Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the VPS Notes in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any VPS Note:

- (a) presented for payment in Norway;
- (b) the holder of which is liable for such taxes in respect of such VPS Note by reason of their having some connection with Norway other than the mere holding of such VPS Note; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition (c)).

Relevant Date means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the VPS Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the VPS Noteholders in accordance with Condition 9.

7. PRESCRIPTION

The VPS Notes will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 15) therefor.

8. TRANSFER AND EXCHANGE OF VPS NOTES

(a) Transfers of Interests in VPS Notes

Settlement of sale and purchase transactions in respect of VPS Notes will take place two Oslo Business Days after the date of the relevant transaction. A transfer of VPS Notes which is held in Euronext VPS through Euroclear or Clearstream, Luxembourg is only possible by using an account operator linked to Euronext VPS.

(c) Costs of registration and administration of the VPS Register

VPS Noteholders will not be required to bear the costs and expenses of effecting any registration, transfer or administration in relation to the VPS Register, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

9. NOTICES

Notices to the VPS Noteholders shall be valid if the relevant notice is given to Euronext VPS for communication by it to the VPS Noteholders and, so long as the VPS Notes are listed on a stock exchange, the Issuer shall ensure that notices are duly published in a manner which complies with the rules of such exchange. Any such notice shall be deemed to have been given on the date two days after delivery to Euronext VPS.

10. MEETINGS OF VPS NOTEHOLDERS AND MODIFICATION

- (H) a change of VPS Trustee;

save as set out in paragraph (i) above, the VPS Trustee may agree to amendments to the VPS Trustee Agreement or the VPS Conditions without prior approval of the affected VPS Noteholders provided that (i) such amendment is not detrimental to the rights and benefits of the affected VPS Noteholders in any material respect, or (ii) is made solely for the purpose of rectifying obvious errors and mistakes, or (iii) such amendment or waiver is required by applicable law, court ruling or a decision by a relevant authority. The VPS Trustee shall as soon as possible notify the VPS Noteholders of any proposal to make such amendments, setting out the date from which the amendment will be effective, unless such notice obviously is unnecessary.

11. VPS TRUSTEE

SUMMARY OF THE NORWEGIAN LEGISLATION REGARDING COVERED BONDS

The following is a brief summary of certain features of Norwegian law governing the issuance of covered bonds in Norway, at the date of this Base Prospectus. The summary does not purport to be, and is not, a complete description of all aspects of the Norwegian legislative and regulatory framework pertaining to covered bonds.

As of the date of this Base Prospectus, the main legislation which governs covered bonds comprises Chapter 11, Subsection II of the Norwegian Act on Financial Undertakings and Financial Groups of 10 April 2015 No 17 (*lov 10. april 2015 nr. 17 om finansforetak og finanskonsern (finansforetaksloven)*) (the **Act**) and Chapter 11, Subsection 1 of the Regulations of 9 December 2016 no. 1502 on Financial Undertakings and Financial Groups (*forskrift 9. desember 2016 nr. 1502 om finansforetak og finanskonsern (finansforetaksforskriften)*) (the **Regulations**, and together with the Act, the **Legislation**).

The EU's legislation on covered bonds (being Directive (EU) 2019/2162 (the **Covered Bond Directive**) and Regulation (EU) 2019/2160, implementing certain amendments to Art. 129 of Regulation (EU) No 575/2013) (together, the **EU Covered Bond Rules**), has been implemented into Norwegian law as of 8 July 2022.

LEGISLATION

Under the Legislation, certain Norwegian credit institutions which meet the general definitions of a "Financial Undertaking" (*finansforetak*) and "Credit Institution" (*kredittforetak*) contained in the Act, and whose articles of association comply with prescribed mandatory requirements may issue covered bonds (*obligasjoner med fortrinnsrett*). The Act defines Credit Institutions as non-banking Financial Undertakings who receive repayable assets other than deposits from the public and grant commercial credits and guarantees in its own name. Credit Institutions must hold a license issued by the Ministry of Finance (or pursuant to delegation, by the NFSA) in order to conduct business as a Credit Institution.

In addition, following the implementation of the EU Covered Bond Rules into Norwegian law, Credit Institution are required to obtain permission for a covered bond programme by the NFSA before issuing any covered bonds under that programme for the first time, and furthermore, Credit Institutions must notify the NFSA at least 30 days prior to the first issuance under that covered bond programme.

The Issuer is a "*kredittforetak*", as defined by the Act and has (i) received the required Credit Institution licence, (ii) adapted its articles of association to meet the mandatory requirements, and (iii) obtained approval from the NFSA of its covered bond programme under which it may issue covered bonds labelled "European Covered Bond (Premium)" (No.: *obligasjoner med fortrinnsrett (premium)*) and consequently, the Issuer may issue such covered bonds.

The Legislation provides that holders of covered bonds (and also counterparties under derivative contracts entered into for hedging purposes in relation to the covered bonds) have an exclusive and prioritised right of claim, on a *pari passu* basis between themselves and the counterparties under derivatives agreements relating to the covered bonds, over a pool of certain security assets (the **Cover Pool**).

Under Norwegian law, a domestic issuer of bonds (including covered bonds) must issue the bonds in dematerialised book-entry form by initially recording such bonds with the Norwegian Central Securities Depository (formally named *Verdipapirsentralen ASA*, trading as Euronext Securities Oslo) (**Euronext VPS**) or in another central securities depository which is properly authorised or recognised in Norway as being entitled to register such bonds pursuant to the Norwegian Act of 15 March 2019 no. 6 on Central Securities Depositories and Regulation (EU) No. 909/2014. However, that registration requirement does not apply if such bonds are either (i) denominated in NOK and offered or sold outside of Norway to non-Norwegian residents only, or (ii) denominated in a currency other than NOK and offered or sold outside of Norway.

THE REGISTER

The Credit Institution must maintain a register (the **Register**) of the issued covered bonds, the related derivative agreements, and the Cover Pool pertaining to such covered bonds and eligible derivative agreements. In accordance with the Legislation, a Credit Institution may establish a separate Register for the issue of covered bonds relating to a different Cover Pool. If there is more than one Cover Pool, the Credit Institution must identify which Cover Pool a covered bondholder will hold a preferential claim against. Where a Credit Institution has made two or more issues of covered bonds which have a preferential claim against different Cover Pools, eligible

derivatives agreements and substitution assets shall be registered and held in separate accounts for each Cover Pool.

Each Register relating to a Cover Pool must at all times contain detailed information on the nominal value of the covered bonds, the assets included in the Cover Pool, and the covered bonds and derivative agreements associated with the Cover Pool. Consequently, any Register must be updated on a regular basis to include any changes in relevant information. Registration of such information is not in itself conclusive evidence of the contents of the Cover Pool pertaining to the covered bonds, but shall, according to the preparatory works to the Norwegian covered bond legislation, serve as strong evidence.

BENEFIT OF A PRIORITISED CLAIM

Pursuant to the Act, if a Credit Institution which has issued covered bonds is placed under public administration or is liquidated, the holders of covered bonds issued by the Credit Institution and the counterparties to relevant derivative agreements entered into by the Credit Institution will have an exclusive, equal and *pro rata* prioritised claim against the Cover Pool. The prioritised claims will rank ahead of all other claims, save for claims relating to the fees and expenses of the administration board. According to the provisions of section 6-4 of the Norwegian Liens Act of 1980 and section 11-15 of the Act, a future administration board of the Credit Institution will have a first priority lien over all of the assets included in the Cover Pool, as security for fees and expenses incurred by the administration board in connection with the administration of the Credit Institution. Such statutory lien will rank ahead of the claims of holders of covered bonds and of the counterparties to the relevant derivative agreements, but will, however, be limited to 700 times the NOK 1,277 standard Norwegian court fee (which currently amounts to NOK 893,900) in respect of each Cover Pool. Payment of expenses for operation, management, recovery and realisation of the Cover Pool may also be demanded before the covered bondholders and counterparties to the relevant derivative agreements receive payment from the Cover Pool.

By virtue of the priority established by the Act, claims of the holders of covered bonds and of the counterparties to the relevant derivatives agreements against a Credit Institution which has issued covered bonds will rank ahead of claims of all other creditors of the Credit Institution with respect to the Cover Pool (save for the priority described above granted to an administration board in respect of fees and expenses). The preferential claims shall also apply to funds which are subsequently remitted in accordance with terms of contract applying to assets included in the Cover Pool, provided that certain administrative procedures have been complied with.

Pursuant to the Act, loans and receivables included in the Cover Pool may not be assigned, pledged, or made subject to any set-off, attachment, execution or other enforcement proceedings. However, an exemption regarding the prohibition against set-off has been made in relation to derivative agreements, as further described in the Regulations.

COVER POOL — COMPOSITION OF ASSETS

Pursuant to the Regulations, a Cover Pool for covered bonds eligible for the label “European Covered Bond (Premium)” may only consist of assets which fulfil the requirements set forth in Article 129 of the CRR, including loans secured by various types of mortgages (**Mortgages**), loans granted to or guaranteed by certain governmental bodies (**Government Loans**), receivables in the form of certain derivative agreements and substitution assets.

The Mortgages may include residential mortgages, mortgages over other title documents relating to residences (together with the former, **Residential Mortgages**), mortgages over vacation property (which under the Legislation, as a general rule, shall be treated as Residential Mortgages) and mortgages over other real property (**Other Property Mortgages** and, together with the former, **Mortgages**). The real property and the registered assets which serve as security for the loans included in the Cover Pool must be located in a member state of the EEA.

Government Loans must be either guaranteed by or issued by governmental bodies which must meet certain requirements under Article 129 of the CRR.

The main portion of the Cover Pool shall be represented by a certain type of primary cover asset (e.g. Residential Mortgages, Other Property Mortgages or Government Loans) (**Primary Asset**), i.e., the Cover Pool shall primarily consist of one certain category of receivables deemed as eligible for inclusion in the Cover Pool. Substitution assets shall consist of (i) the cover pool liquidity buffer and (ii) other assets eligible for inclusion in the Cover Pool which are not Primary Assets or eligible derivatives agreements.

LOAN TO VALUE RATIOS

Pursuant to the Regulations and Article 129 of the CRR, when calculating the value of the Cover Pool assets consisting of loans secured by Mortgages, the following loan to value requirements apply to:

- (1) Loans secured by Residential Mortgages shall not exceed 80 per cent. of the value of the relevant property (60 per cent. of prudent market value in the case of mortgages over vacation property); and
- (2) Loans secured by Other Property Mortgages shall not exceed 60 per cent. of the value of the relevant property.

Should a loan secured by Mortgages exceed the relevant ratio, only the part of the loan that falls within the permitted limit may be included in the calculation of the value of the Cover Pool. Consequently, the portion exceeding the relevant ratio may not count towards the 5 per cent. overcollateralisation requirement (as further described below in the section headed “*Overcollateralisation*”).

If the value of a mortgaged property declines significantly after the loan secured by Mortgages has been included in the Cover Pool, this could result in (greater) parts of the relevant loan exceeding the applicable loan- to-value threshold, in which case a lower amount of the loan than at the time of its inclusion in the Cover Pool would be able to count towards the 5 per cent. overcollateralization requirement.

OVERCOLLATERALISATION

The Legislation requires that the value of the Cover Pool for credit mortgage institutions (No.: *boligkredittforetak*) at all times must exceed by at least 5 per cent. the aggregate value of the covered bonds issued by the Credit Institution (taking into account the effects of relevant derivative contracts).

The calculation of the value of the Cover Pool assets consisting of loans secured by Mortgages is required to be made on a prudent basis, and such prudent value may not exceed the market value of each individual asset. The estimation of the value is required to be made by a competent and independent person (i.e. a person without involvement in the credit granting process) and be documented, and such documentation is required to include information on who performed the calculation and the principles on which the calculation was based. The value of residential real property may, however, be based on generally applicable price levels, when this is considered justifiable based on the market situation.

Defaulted loans shall be disregarded for purposes of the valuation, and loans provided to one single customer or secured by the same real estate property shall never count in excess of 5 per cent. of the aggregate balance of a cover pool.

The value of derivative agreements and substitution assets included in the Cover Pool shall be set to by calculating the prudent market value of such assets, as further detailed in the Legislation.

In accordance with Regulation (EU) 2019/2160 implementing certain amendments to Article 129 of Regulation (EU) No 575/2013, the Ministry of Finance has set the overcollateralization requirement for credit mortgage institutions to 5 per cent.

In order to ensure compliance with the above mentioned overcollateralisation requirement, each Credit Institution issuing covered bonds is required to establish systems for continued control of the development of the value of the Cover Pool assets, and to monitor the development of the relevant market situations. If developments in the market situation or in the situation pertaining to individual assets so warrants, the Credit Institution is required to ensure that a renewed calculation of the value is performed.

LIQUIDITY REQUIREMENTS

The Act requires that the Credit Institution ensures that the cash flow from the Cover Pool at all times is sufficient to enable the Credit Institution to discharge its payment obligations towards the holders of covered bonds and counterparties under relevant derivative agreements and projected costs related to operating and winding-up of the covered bond programme. The Credit Institution shall at all times hold a liquidity buffer which shall cover the net outflows over the next 180 days of the covered bond programme. Calculation of the liquidity buffer requirement for covered bonds allowing for maturity extensions should be based on the extended maturity date.

Furthermore, the Credit Institution is required to maintain liquid assets exceeding projected net liquidity outflows over a period of 30 days under stressed conditions under Regulation (EU) 2015/61 (LCR Regulation).

The liquidity buffer requirements set forth in the LCR Regulation and the cover pool liquidity buffer are coordinated so that assets included in the cover pool liquidity buffer may be counted towards the LCR Regulation liquidity requirement.

COVER POOL MONITOR

An independent auditor dedicated to monitor the cover pool (**Cover Pool Monitor**) shall be appointed by the Credit Institution issuing covered bonds, and the Credit Institution shall notify the NFSA of who it has appointed. The Cover Pool Monitor is required to, amongst other things, monitor the Register, and shall at least every three

months, review compliance with the Legislation's provisions relating to the Register, such as requirements related to (i) the composition of the Cover Pool, (ii) overcollateralisation, (iii) liquidity, (iv) registration of information in the Register and (v) publication of investor information.

The Credit Institution is required to give the Cover Pool Monitor all relevant information pertaining to its business, and the Cover Pool Monitor must be granted access to the Register, and may also request additional information. The Cover Pool Monitor shall report its observations and assessments to the NFSA on a regular basis.

Pursuant to the Regulations, a Credit Institution's external auditor cannot act as Cover Pool Monitor. The NFSA has interpreted this prohibition so that it applies to the audit firm, not only a Credit Institution's specific auditor.

COVER POOL ADMINISTRATION IN THE EVENT OF PUBLIC ADMINISTRATION

Credit Institutions experiencing financial difficulties may be placed under public administration if the conditions for resolution are otherwise met but the Ministry of Finance does not consider that resolution would be in the public interest. Public administration entails that the institution's former governing bodies are replaced by an administration board (the **Board**) which assumes control over the institution. The Board will attempt to either restructure the institution and continue its business, or in absence of viable alternatives liquidate the institution and distribute its assets to the creditors.

Public administration of the Credit Institution does not in itself give the institution's creditors the right to accelerate claims.

If a Credit Institution, which has issued covered bonds, is placed under public administration pursuant to the Act, and the Cover Pool meets the requirements of the Act and the Regulations, the Board shall ensure that, to the extent possible, the holders of covered bonds and counterparties to relevant derivative agreements receive timely payment of their respective claims, such payments being made from the Cover Pool for the duration of the administration of the Credit Institution.

If the Board is unable to make timely payments to the covered bondholders or the counterparties to relevant derivative agreements, the Board must set a date for halt to payments, and inform interested parties of this as soon as possible. If halt to payments is initiated, the further administration of the Credit Institution will be conducted in accordance with general Norwegian bankruptcy legislation. The covered bondholders and counterparties to relevant derivative agreements will in such event continue to have a prioritised claim against the Cover Pool and the Board shall, as soon as possible, notify them of decisions presumed to be of material significance to them. Any residual claims of the covered bondholders and counterparties to related derivative agreements will remain valid claims against the Credit Institution, but will rank equal (*pari passu*) with other unsecured and unsubordinated creditors of the Credit Institution.

MATURITY EXTENSIONS

Pursuant to the Legislation, a Credit Institution is permitted to include conditions in the terms of a covered bond contract stating that repayment can be postponed in certain circumstances. A Credit Institution will only be allowed to extend the maturity of covered bonds if it has received approval from the NFSA to extend the maturity of covered bonds as a result of (i) either (A) there being, in the opinion of the NFSA, both (1) reason to assume that the Credit Institution will be placed under resolution in the near future and (2) no reasonable prospect that any other action would prevent the Credit Institution from failing or (B) the Ministry of Finance having resolved to place the Credit Institution under resolution or public administration proceedings and (ii) there being, in the opinion of the NFSA, a reasonable prospect that the Credit Institution obligations will be met within 12 months, provided that in each case such maturity extension may only be granted if the maturity extension does not affect the covered bondholder's order of priority in respect of the Cover Pool.

Information on prospective borrowers' income is obtained from the public tax register and through a credit reference agency search which details public information on historic income, any negative credit history, foreclosures/bankruptcy and other economic issues. In addition, an internal credit score of each applicant is generated by an automated system, which supports the credit application process.

The guidelines adopted by the Issuer's board of directors with respect to the eligibility of transferrable mortgage loans and the transfer procedure are set out in the Issuer's credit policy (the **Credit Policy**). Eligible mortgage loans are assets which are eligible for inclusion in the Cover Pool, as determined by the Act and Regulations (as amended, varied or supplemented from time to time) and the Credit Policy (**Eligible Mortgage Loans**). The Credit Policy specifies guidelines for the acquisition of mortgage loans from Sparebanken Sør (requirements related to the loans, the borrowers and the collateral), the monitoring and reporting of credit risk and any other criteria the Issuer's board of directors may, from time to time, find necessary.

The Eligible Mortgage Loans will be purchased by the Issuer from Sparebanken Sør at their market value. systems, which are exposed to risks of failure or cybercrime, such as Trojan attacks. Any events affecting Sparebanken Sør's ability to carry out its operations on behalf of the Group may affect the Group at large.

History

The story of Sparebanken Sør goes back to 1824 when Christianssands Sparebank was established as one of the first savings banks in Norway. Sparebanken Agder was formed in 1984 as a result of a merger between Christianssands Sparebank and several other local banks. Two other savings banks became part of Sparebanken Agder in 1985 and 1986. The name of the Bank was later changed to Sparebanken Pluss in 1988.

Sparebanken Pluss merged with the former Sparebanken Sør with effect from 1 January 2014. Sparebanken Pluss was the surviving entity in the merger, but was renamed Sparebanken Sør, being the same name as the non-surviving entity.

Proposed Merger with Sparebanken Vest

On 28 August 2024, Sparebanken Sør announced that the board of directors of Sparebanken Sør and Sparebanken Vest, a Norwegian savings bank, had approved a plan for merging the two banks (the "Proposed Merger"). Sparebanken Vest will be the surviving entity and thus assume all of Sparebanken Sør's assets, rights and liabilities upon the completion of the Proposed Merger. The aim is to complete the legal merger within the second quarter of 2025, upon which Sparebanken Vest will be rebranded to a name to be decided by the parties.

The completion of the Proposed Merger is currently conditional upon numerous matters, including among other things approval by the general meeting of Sparebanken Sør and Sparebanken Vest (which is being sought primo October 2024) as well as the Norwegian Financial Supervisory Authority and the Norwegian Competition Authority granting the required permissions for completion without imposing conditions that significantly alter the assumptions that the merging parties have made under the merger plan.

Measured in gross lending as of 30 June 2024, the combined bank will be the largest savings bank in Norway.

The Issuer may enter into currency swaps from time to time with Currency Swap Providers (as defined below) by executing ISDA Master Agreements (including the schedule and credit support annex thereto and related confirmations) (each such agreement, a **Currency Swap Agreement** and each of the transactions thereunder, a **Currency Swap**), in order to hedge currency risks arising between (a) Covered Bonds issued in currencies other than NOK and (b) assets forming part of the Cover Pool but denominated in NOK, subject always to the requirements as referred to in “*Summary of the Norwegian Legislation regarding Covered Bonds (Obligasjoner med fortrinnsrett)*” above.

Ratings downgrade

Under each of the Currency Swap Agreements, in the event that the relevant rating(s) of a Currency Swap Provider is/are downgraded by a rating agency below the rating(s) specified in the relevant Currency Swap Agreement (in accordance with the requirements of the rating agencies) for such Currency Swap Provider, the relevant Currency Swap Provider will, in accordance with the relevant Currency Swap Agreement, be required to take certain remedial measures which may include providing additional collateral for its obligations under the relevant Currency Swap, arranging for its obligations under the relevant Currency Swap to be transferred to an entity with rating(s) required by the relevant rating agency as specified in the relevant Currency Swap Agreement (in accordance with the requirements of the relevant rating agency), procuring another entity with rating(s) required by the relevant rating agency as specified in the relevant Currency Swap Agreement (in accordance with the requirements of the relevant rating agency) to become a co-obligor or guarantor, as applicable, in respect of its obligations under the relevant Currency Swap or taking some other action as it may agree with the relevant rating agency.

Termination events

The Currency Swap Agreements will or may be terminated under certain circumstances, including the following:

- (a) at the option of one party to the relevant Currency Swap Agreement, if there is a failure by the other party to pay any amounts due under that Currency Swap Agreement and any applicable grace period has expired;
- (b) at the option of the Issuer, upon the occurrence of an insolvency of the relevant Currency Swap Provider or its guarantor, or the merger of the relevant Currency Swap Provider without an assumption of its obligations under the relevant Currency Swap Agreement, or if a material misrepresentation is made by the relevant Currency Swap Provider under the Currency Swap Agreement, or if the relevant Currency Swap Provider defaults under an over-the-counter derivatives transaction under another agreement between the Issuer and such Currency Swap Provider or if a breach of a provision of the relevant Currency Swap Agreement by the Currency Swap Provider is not remedied within the applicable grace period;
- (c) if a change in law results in the obligations of either party becoming illegal or if a *force majeure* event occurs which renders performance of the obligations impossible;
- (d) if withholding taxes are imposed on payments by the Issuer or by the relevant Currency Swap Provider under the relevant Currency Swap Agreement due to a change in law or change in application of the relevant law;
- (e) if the relevant Currency Swap Provider or its guarantor, as applicable, is downgraded and fails to comply with the requirements of the ratings downgrade provisions contained in the relevant Currency Swap Agreement and described above under “*Ratings downgrade*”;
- (f) if the corresponding Series of Notes are redeemed (and in the event of a partial redemption, only part of the relevant Currency Swap will be terminable) prior to their scheduled maturity date;
- (g) if the corresponding Series of Notes are purchased and surrendered for cancellation (and in the event of a partial purchase and surrender for cancellation, only part of the relevant Currency Swap will be terminable) prior to their scheduled maturity date;
- (h) if the relevant Currency Swap is not registered in the cover pool register; or
- (i) a halt to payments occurs with respect to the Cover Pool.

Upon the occurrence of a swap early termination event, the Issuer or the relevant Currency Swap Provider may be liable to make a termination payment to the other. The amount of any termination payment will be based on a good faith determination of total losses and costs (or gains) as to entering into a swap with terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties (which may be determined following consideration of quotations sought from leading dealers, relevant market data and information from internal sources), and will include any unpaid amounts that became due and payable prior to termination. Any such termination payment could be substantial and may affect the funds available to pay amounts due to the holders of the Covered Bonds.

Holders of the Covered Bonds will not receive extra amounts (over and above interest and principal payable on the Covered Bonds) as a result of the Issuer receiving a termination payment from a Currency Swap Provider.

Transfer

Each Currency Swap Provider may, subject to certain conditions specified in the relevant Currency Swap Agreement, transfer its obligations under any Currency Swap to another entity.

Taxation

The Currency Swap Provider may be obliged to gross up payments made by it to the Issuer if withholding taxes are imposed on payments made under a Currency Swap. However, if, due to a change in law or change in application of the relevant law, the Currency Swap Provider is required to gross up a payment under a Currency Swap or to receive a payment under a Currency Swap from which an amount has been deducted or withheld, the relevant Currency Swap Provider may terminate the relevant Currency Swap.

The Currency Swap Agreements will be governed by English law.

The Currency Swap Provider will rank *pari passu* with the Covered Bondholders in respect of their claims against the Issuer in respect of assets registered to the Cover Pool.

INTEREST RATE SWAP AGREEMENTS

The Issuer may also, from time to time, enter into additional interest rate swaps with Interest Rate Swap Providers (as defined below) by executing an ISDA Master Agreement (including the schedule and credit support annex thereto and related confirmations) (each such agreement, an **Interest Rate Swap Agreement** and each of the transactions thereunder, an **Interest Rate Swap**), in order to hedge the Issuer's interest rate risks arising from a mismatch between floating interest earned on the Issuer's assets and fixed interest payable on the Issuer's obligations, subject always to the requirements as referred to in "*Summary of the Norwegian Legislation regarding Covered Bonds (Obligasjoner med fortrinnsrett)*" above.

Ratings downgrade

Under each of the Interest Rate Swap Agreements, in the event that the relevant rating(s) of an Interest Rate Swap Provider are downgraded by a rating agency below the rating(s) specified in the relevant Interest Rate Swap Agreement (in accordance with the requirements of the rating agencies) for such Interest Rate Swap Provider, the relevant Interest Rate Swap Provider will, in accordance with the relevant Interest Rate Swap Agreement, be required to take certain remedial measures which may include providing additional collateral for its obligations under the relevant Interest Rate Swap, arranging for its obligations under the relevant Interest Rate Swap to be transferred to an entity with rating(s) as specified in the relevant Interest Rate Swap Agreement (in accordance with the requirements of the relevant rating agency), procuring another entity with rating(s) as specified in the relevant Interest Rate Swap Agreement (in accordance with the requirements of the relevant rating agency) to become a co-obligor or guarantor, as applicable, in respect of its obligations under the relevant Interest Rate Swap or taking some other action as it may agree with the relevant rating agency.

Termination events

The Interest Rate Swap Agreements will or may be terminated under certain circumstances, including the following:

- (a) at the option of one party to the relevant Interest Rate Swap Agreement, if there is a failure by the other party to pay any amounts due under that Interest Rate Swap Agreement and any applicable grace period has expired;
- (b) at the option of the Issuer, upon the occurrence of an insolvency of the relevant Interest Rate Swap Provider or its guarantor, or the merger of the relevant Interest Rate Swap Provider without an assumption of its obligations under the relevant Interest Rate Swap Agreement, or if a material misrepresentation is made by the relevant Interest Rate Swap Provider under the Interest Rate Swap Agreement, or if the

relevant Interest Rate Swap Provider defaults under an over-the-counter derivatives transaction under another agreement between the Issuer and such Interest Rate Swap Provider or if a breach of a provision of the relevant Interest Rate Swap Agreement by the Interest Rate Swap Provider is not remedied within the applicable grace period;

- (c) if a change in law results in the obligations of either party becoming illegal or if a *force majeure* event occurs which renders performance of the obligations impossible or impracticable;
- (d) if withholding taxes are imposed on payments by the Issuer or by the relevant Interest Rate Swap Provider under the relevant Interest Rate Swap Agreement due to a change in law or change in application of the relevant law; and
- (e) if the relevant Interest Rate Swap Provider, or its guarantor, as applicable, is downgraded and fails to comply with the requirements of the ratings downgrade provisions contained in the relevant Interest Rate Swap Agreement and described above under “*Ratings downgrade*”;
- (f) if the corresponding Series of Notes are redeemed (and in the event of a partial redemption, only part of the relevant Interest Rate Swap will be terminable) prior to their scheduled maturity date;
- (g) if the corresponding Series of Notes are purchased and surrendered for cancellation (and in the event of a partial purchase and surrender for cancellation, only part of the relevant Interest Rate Swap will be terminable) prior to their scheduled maturity date;
- (h) if the relevant Interest Rate Swap is not registered in the cover pool register; or
- (i) a halt to payments occurs with respect to the Cover Pool.

Upon the occurrence of a swap early termination event, the Issuer or the relevant Interest Rate Swap Provider may be liable to make a termination payment to the other. The amount of any termination payment will be based on a good faith determination of total losses and costs (or gains) as to entering into a swap with terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties (which may be determined following consideration of quotations sought from leading dealers, relevant market data and information from internal sources), and will include any unpaid amounts that became due and payable prior to termination. Any such termination payment could be substantial and may affect the funds available to pay amounts due to the Covered Bondholders.

Covered Bondholders will not receive extra amounts (over and above interest and principal payable on the Covered Bonds) as a result of the Issuer receiving a termination payment from an Interest Rate Swap Provider.

Transfer

Each Interest Rate Swap Provider may, subject to certain conditions specified in the relevant Interest Rate Swap Agreement, transfer its obligations under any Interest Rate Swap to another entity.

Taxation, governing law and status

The Interest Rate Swap Provider may be obliged to gross up payments made by it to the Issuer if withholding taxes are imposed on payments made under an Interest Rate Swap. However, if, due to a change in law or change in application of the relevant law, the Interest Rate Swap Provider is required to gross up a payment under an Interest Rate Swap or to receive a payment under an Interest Rate Swap from which an amount has been deducted or withheld, the relevant Interest Rate Swap Provider may terminate the relevant Interest Rate Swaps.

The Interest Rate Swap Agreements will be governed by English law.

The Interest Rate Swap Providers will rank *pari passu* with the Covered Bondholders in respect of their claims against the Issuer in respect of assets registered to the Cover Pool.

ELIGIBILITY CRITERIA FOR SWAP PROVIDERS

The Issuer will only enter into Swaps with entities which are “qualified counterparties” for the purposes of the Act and the Regulations.

Book entry settlement in respect of VPS Notes

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of Euronext VPS currently in effect. The information in this section concerning Euronext VPS has been obtained from sources that the Issuer believes to be reliable, but neither the Issuer nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of Euronext VPS are advised to confirm the continued applicability of the rules, regulations and procedures of Euronext VPS. Neither the Issuer nor any other party to the VPS Trustee Agreement, VPS Agency Agreement or the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the VPS Notes held through the facilities of Euronext VPS or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

EURONEXT VPS

Euronext VPS (formally named *Verdipapirsentralen ASA*, trading as Euronext Securities Oslo) is a Norwegian public limited liability company which is authorised by the NFSA as a central securities depository in accordance with the Norwegian Act of 15 March 2019 no. 6 on Central Securities Depositories (the **CSD Act**), which implements Regulation (EU) 909/2014 (the **CSDR**) into Norwegian law, and is licensed to register financial instruments in accordance with the CSD Act and CSDR.

The CSD Act and its ancillary regulation passed thereunder require that, amongst other things, all Norwegian notes and bonds issued from time to time shall be initially recorded with Euronext VPS or another central securities depository which is properly authorised or recognised in Norway as being entitled to register such notes and bonds pursuant to the CSDR (such notes and bonds, the **VPS Securities**). However, that registration requirement does not apply to notes and bonds which are either (i) issued by Norwegian issuers outside Norway and denominated in Norwegian Kroner with subscription limited to non-Norwegian residents only, or (ii) issued outside Norway in a currency other than Norwegian Kroner.

Euronext VPS is a paperless securities registry and, therefore, registration of ownership, transfer and other rights to financial instruments are evidenced by book entries in the registry. Any issuer of VPS Securities will be required to have an account (issuer's account) where all the VPS Securities are recorded and registered information about such VPS Securities are kept up-to-date, and each investor is required to either (i) have her/his own account (investor's account) showing such person's holding of VPS Securities at any time or (ii) hold VPS Securities in a nominee account with a nominee meeting the statutory requirements in Section 4-3, paragraph 1 of the CSD Act or having been approved by the NFSA pursuant to Section 4-3, paragraph 3 of the CSD Act.

Both the issuer and the investor (or, where relevant, the nominee) will, for the purposes of registration in Euronext VPS, have to appoint an account operator which will normally be a Norwegian bank or Norwegian investment firm.

Taxation

NORWAY

The following is a general description of certain Norwegian tax considerations for non-resident holders of Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Norway of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Taxation on Interest

Interest paid to a non-resident holder of Notes will not be subject to Norwegian income or withholding tax. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway or managed from Norway.

Such tax liability may be modified through an applicable tax treaty.

Norway levies withholding tax on certain interest payments from Norway. The withholding obligation applies only to interest payments made to related parties of the debtor who are resident in low tax jurisdictions. Due to the Issuer's constitution as a credit institution wholly owned by a Norwegian savings bank, and the Issuer not having any ownership in non-Norwegian subsidiaries, the Issuer does not expect the withholding tax rules to apply to interest payments on the Notes.

Taxation of Capital Gains

A non-resident holder of Notes is not taxed in Norway on gains derived from the sale, disposal or redemption of the Notes. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway or managed from Norway.

Such tax liability may be modified through an applicable tax treaty.

Wealth Tax

Norway does not levy any property tax or similar taxes on the Notes.

An individual non-resident holder of Notes is not subject to wealth tax, unless the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway or managed from Norway.

Such tax liability may be modified through an applicable tax treaty.

Transfer Tax

There is currently no Norwegian transfer tax on the transfer of Notes.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as **FATCA**, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions, including Norway, have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of FATCA provisions and IGAs to instruments such as Notes, including whether withholdings would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described under "*Terms and Conditions of the*

Notes other than VPS Notes – Further Issues” and “Terms and Conditions of the VPS Notes – Further Issues”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission’s Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Subscription and Sale

The Dealers have, in an amended and restated programme agreement (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 18 September 2024, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*”, “*Terms and Conditions of the Notes other than VPS Notes*” and “*Terms and Conditions of the VPS Notes*”. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

UNITED STATES

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes (other than VPS Notes) are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. In the case of Notes other than VPS Notes, the applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

Unless the Final Terms in respect of any Notes specifies “*Prohibition of sales to EEA Retail Investors*” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision, the expression **retail investor** means a person who is one (or more) of the following:

- (a) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (b) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

UNITED KINGDOM

Prohibition of sales to UK Retail Investors

Unless the Final Terms in respect of any Notes specifies “*Prohibition of sales to UK Retail Investors*” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the UK. For the purposes of this provision, the expression **retail investor** means a person who is one (or more) of the following:

Other regulatory restrictions

Each Dealer has also represented and agreed, and each further Dealer appointed under the Programme will also be required to represent and agree, that:

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

- d) in any other circumstances provided that no other such offer of Notes shall result in a requirement for the registration or the publication by the Issuer or the Dealer or Dealers of a prospectus pursuant to the Norwegian Securities Trading Act of 29 June 2007 no.75.

The Notes shall be registered with Euronext VPS in dematerialised form or in another central securities depository which is properly authorised or recognised in Norway as being entitled to register the Notes pursuant to the Norwegian Central Securities Depository Act 2019 (Nw. *verdipapirsentralloven*) and Regulation (EU) No 909/2014, unless (i) the Notes are denominated in NOK and offered or sold outside of Norway to non-Norwegian

residents only, or (ii) the Notes are denominated in a currency other than NOK and offered or sold outside of Norway. See also the selling restriction “*Prohibition of sales to EEA Retail Investors*” above.
